# AMERICANS NEAR DEATH IN CHINESE WAR!

## 10 PROJECTS SUBMITTED TO VOTERS

**Councilman Sam Davis Is Opposed to Seven of Civic Propositions**

The Glendale City Council this morning adopted resolutions approving the ten propositions submitted recently by the Citizens' Bond committee, calling for an issue of \$1,805,500.

The total figure submitted by the Citizens' Bond committee originally was \$1,705,973, but this figure was increased by the City Council.

An ordinance was introduced, ordering the holding of a special election on September 30, when the voters of Glendale will be asked to decide the issue of these bonds.

Councilman Sam Davis voted "No" on seven propositions and "Yes" on three, those which he supported being the acquisition of the Harvard street high school buildings and ground for a civic center; the purchase of water-bearing lands and the installation of a garbage incinerator.

All the other members of the council voted in favor of all the propositions submitted.

**Ten Propositions**

The ten proposals to be voted on are as follows:

- 1—Additional fire equipment and stations, \$60,000, \$60,000.
- 2—Modern fire alarm system, \$36,294, \$36,500.
- 3—Modern police alarm system, \$36,294, \$36,500.
- 4—Civic center, \$650,000, \$650,000.
- 5—Bridges over Verdugo wash, \$12,750, \$12,000.
- 6—Water system improvement, \$550,000, \$650,000.
- 7—Water treatment plant, \$126,000, \$126,000.
- 8—Auxiliary power plant, not submitted.
- 9—City park site, north, \$122,500, \$122,500.
- 10—City park site, south, \$35,000, \$35,000.

The figures given first are those offered by the bond committee and total \$1,705,973 and the figures given second are those decided upon by the council and total \$1,805,500.

## DR. DEXTER WILL SPEAK AT FORUM

**Whittier College President Chosen to Make Talk At C. of C. Meeting**

Dr. Walter H. Dexter, president of Whittier college, has been secured as the principal speaker at the open forum meeting of the Chamber of Commerce and the banquet that is to be held at the Oakmont Country club on the night of Thursday, September 11. It was announced, following the meeting of the entertainment committee, of which A. L. Ferguson, vice-principal of the Glendale Union high school, is chairman.

About ten additional speakers will be given one minute each during the banquet, which is designed solely to foster the welfare of Glendale, and all of these orators will be expected to offer some suggestion for the advancement of the city in the time allotted to them.

**Arranging Program**

A. L. Ferguson, who is to preside at the meeting, will be introduced by Vice-President D. H. Smith, and J. Arthur Myers will lead the community singing. Two solos, whose singers are yet to be chosen, will also be on the program.

Reservations should be made by Tuesday, September 9, before 5 o'clock, Howard I. Wood, secretary of the Chamber of Commerce states, and those who desire to secure transportation should advise him, or some member of the entertainment committee, when making their reservations. The members of the committee are A. L. Ferguson, Dr. H. V. Brown, Rev. E. E. Ford and Capt. D. Ripley Jackson.

## Sleeping Sickness Causes 1000 Deaths Throughout Japan

**TOKIO, Sept. 4.**—The epidemic of sleeping sickness continues to spread throughout Japan, and to date 1000 deaths have been caused.

It was announced today that the prince regent will not attend the army maneuvers as planned because of the prevalence of the malady, and the emperor and empress will hasten their return to the capital.

So far no cases have been reported in Tokyo, while the sickness is spreading in Tohoku province, where the imperial summer home is located.

No cases have been reported among foreigners. Doctors disagree as to the exact nature of the ailment, and are puzzled as to its treatment.

## AUTOMOBILE TRAFFIC IS DISCUSSED

**Commission Will Attempt to Get More Co-operation From City Council**

More complete co-operation and assistance from the Glendale City Council is to be asked by the Citizens' Traffic Commission, it was decided at the first full meeting of the organization that was held last night in the offices of the Automobile Club of Southern California, with M. Walters, chairman, presiding.

Other members who were present were M. B. Towman, secretary; Alex Mitchell, S. C. Packer, Henry M. Kuhn, Alfred F. Priest, and W. F. Yee. C. D. Thum and Robert Adams were absent from the meeting.

**Await Conference**

A full discussion of present traffic conditions in Glendale was held, but in the absence of the entire membership of the commission, no plans were made to place any recommendations before the city officials until they could be the subject of a conference of all the members.

The question of boulevard stops is also to be taken up with the City Council, following the action of that body in accepting the recommendations that were made by the commission several weeks ago and that were referred to V. B. Stone, city manager, and Col. J. D. Fraser, chief of police, for investigation and report.

**Want Definite Policy**

These recommendations, it is stated, were made after the City Council has asked for suggestions on the boulevard stop matter, but so far the commission has not received any notification of the course the council plans to adopt. The program for the further activities of the commission will be definitely mapped out at an early meeting, and the co-operation of the city officials in improving traffic conditions in Glendale and in the formation of a definite policy will be asked.

## Adventist Executive Committee Ends Work

The executive committee of the Pacific Union conference of the Seventh-Day Adventist denomination terminated today, after having laid down the fall and winter work along evangelistic and publishing lines, reports Elder J. L. McElhany, president of the conference, who presided over the sessions, which opened September 1 at the Glendale sanitarium.

The educational council now in session at the Glendale academy in Sylmar canyon will conclude its work tomorrow, reports Elder W. W. Ruble, educational secretary of the Pacific Union conference. Professor W. E. Howell, educational secretary of the general conference, has been attending these sessions, as have Elder O. Montgomery, vice president for North America, and Elder A. G. Daniels, secretary of the general conference.

## LEWIS DEFENDS TITLE

**LOS ANGELES, Sept. 4.**—Ed "Strangler" Lewis will defend his title as world's heavyweight champion here tonight when he meets Stanislas Zbyszko, Polish wrestler.

## CAMPAIGN TO RAISE FUND EXPLAINED

**Executive Committee Meets To Hear Details for Big Y. M. C. A. Drive**

The first meeting of the Y. M. C. A. campaign executive committee was held yesterday afternoon in the board of directors' room of the Glendale State bank, and plans were outlined for the drive soon to be formally launched.

The committee is composed of thirty Glendale citizens and will have supervision of the campaign to be held September 16 to 23 to raise \$275,000 for a modern Y. M. C. A. building.

**Announces Personnel**

General Chairman George D. McDill announced the personnel of the committee at this meeting, where most of these men were in attendance. Mr. McDill has associated with him as vice chairman Charles H. Toll and David Black, the former serving as chairman of the special gifts committee dealing particularly with the corporation and large Los Angeles contributors and the latter as chairman of the special gifts committee in Glendale.

Other members of the executive committee are Dr. John Anderson, H. Park Arnold, Philomena Bevis, C. H. Bott, Lyman P. Clark, A. T. Cowan, A. R. Eastman, H. L. Findlay, Frank L. Fox, Peter Hanson, P. L. Hatch, C. W. Ingledue, Rex C. Kelley, R. F. Kistner, C. D. Lusby, J. A. Newton, Delos H. Smith, Judson Shepard, J. S. Thompson, W. F. Tower, R. E. Tucker and T. D. Watson.

**Tells of Progress**

Chairman McDill outlined the progress of the campaign organization up to the present time and expressed his pleasure at the ready response of the citizens for cooperation and willingness to assume responsibility.

Campaign Director E. L. Mogge, outlined to the committee the method by which the goal of \$275,000 is to be achieved during the seven days of the campaign. During this period daily report sessions are to be held at the First Presbyterian church at 6:15 o'clock.

The division managers, together with their associates and captains, will meet tonight at the Alky Inn to choose prospective workers for the twenty teams of ten men each.

## BUS SERVICE IS TO BE ENLARGED

**P. E. Officials In Conference Pledge Improvement In Northwest Section**

The people of Northwest Glendale were assured improved transportation by J. A. Birmingham and O. A. Smith of the Pacific Electric motor coach service at a conference this morning in the city manager's office with a committee from the northwest section, comprising Mrs. L. B. Davis, G. Oberg and Mr. Hansen.

Specifically, five special busses daily were promised to transport the children to and from school. The matters of fares and routing will be taken up at a later date, Messrs. Birmingham and Smith told the committee.

J. A. Birmingham is manager of the Pacific Electric Motor Coach service and O. A. Smith is passenger traffic manager of the Pacific Electric Railway company. Both came out from Los Angeles this morning, especially to confer with the above committee.

## City Orders Wright Banners Be Removed

The Glendale City Council this morning, on motion of Councilman Sam Davis, instructed City Clerk A. J. Van Wie to notify the supporters of Supervisor Henry W. Wright to remove the banners bearing his name that were hung at various points in the city during the campaign that preceded the recent primary election. These banners, it was stated, were hung without any permission having been given by the city authorities.

## Europe Strives to Solve Reparations Problem, Is Claim

**WASHINGTON, Sept. 4.**—Taking up his official duties here after a two months' tour of the capitals of Europe, Secretary of the Treasury Mellon declared today that his observations abroad convinced him that the European governments were making a conscientious effort to bring about a settlement of the reparations problem, and that the progress thus far gave promise of a general era of world prosperity.

Part of reparations by Germany through the operation of the Dawes plan will make it possible, Mellon said, for the United States to begin the collection of the \$6,000,000,000 of war debts owed by European nations.

## SANITARIUM ASSISTANT SELECTED

**Dr. H. W. Vollmer Chosen as Aid to Dr. A. W. Truman Of Medical Department**

Dr. H. W. Vollmer, well-known physician, in the medical profession of the Seventh Day Adventist denomination, is another new personality at the Glendale Sanitarium and Hospital, where he has taken up his duties as assistant to Dr. A. W. Truman, medical superintendent.

After serving for a number of years as medical superintendent at the Loma Linda sanitarium, Dr. Vollmer opened a private practice at Arlington, Cal. He came to Glendale from Arlington. With Dr. Vollmer as assistant superintendent, Dr. C. S. Landis, recently of Shanghai, China, as chief surgeon, and Dr. George Thomason of the White Memorial hospital, as consulting surgeon, Dr. Truman has his staff splendidly organized for service.

The attractive new sanitarium is proving the destination of many health and rest seekers, and reports today showed that 109 guests are registered.

Dr. Truman was the honored speaker Tuesday night at the graduation exercises of the nurses' class at the St. Helena sanitarium.

## Reckless Driver Pays \$125 to City Treasury

Frank Mendoza of Los Angeles, who was fined \$100 for reckless driving and \$25 for having in his car a gallon of liquor, following his plea of guilty before Judge Frank H. Lowe of the Glendale police court on Tuesday, September 2, paid his fine yesterday afternoon and was released.

Mr. and Mrs. Frantz Secods of Los Angeles, who were passengers with Mendoza yesterday afternoon, each paid \$25 fines assessed by Judge Lowe for being found under the influence of intoxicating liquor, and were likewise released. The party was arrested on August 31 at the corner of Verdugo road and Opechee way, and pronounced intoxicated by Dr. G. Kaemmerling, city health officer.

## HURRY FIRPO CASE

**WASHINGTON, Sept. 4.**—Orders to expedite the deportation proceedings against Luis Angel Firpo, Argentine prizefighter, went forward from the labor department today to Immigration Commissioner Curran at New York.

## ASSESSMENT UPHELD ON COLORADO

**Petition From Number of Property Owners Voted Down by Council**

At the hearing before the Glendale City Council this morning on appeals from the assessment for the improvement of Colorado street, a number of protestants led by Roscoe Belcher of 605 West Colorado street, requested that the proceedings be held up until the grading now under progress is completed.

When Peter L. Ferry, the contractor, appeared and stated that the work is practically completed and any further delay would cause him a heavy loss, the council denied all protests and adopted the resolution modifying the assessment for the improvement.

Mr. Ferry and his associates agreed to post a \$1000 certified check with the council for the satisfactory completion of grading on this job.

Mayor Spencer Robinson appointed a committee of three city officials and three Colorado street property owners to investigate the improvement work on Colorado street and report on the same. The committee comprises Roscoe Belcher, William Justina, Mrs. M. G. Musser and Virgil B. Stone, city manager; Benjamin F. Dupuy, city engineer and Councilman C. E. Kimlin.

## Re-Route Bus Line

The council this morning voted to grant the Pacific Electric Motor Coach service permission to re-route Line No. 2 of their Glendale bus system, to run as follows: From Grand View avenue and Kenneth road to Brand and Colorado street, thence out Colorado to Verdugo road, north on Verdugo to Broadway and back the same way and back.

The line at present runs out Broadway from Brand boulevard.

J. H. Randall of the City Planning commission appeared before the council in his position as president of the Fourth Street Improvement association and requested that Fourth street be changed to Glen Oaks boulevard. The matter was referred to the committee of the whole.

## Rejects Petitions

The council rejected all petitions for ornamental street lighting standards on Colorado boulevard and requested the city engineer to prepare a design for a standard and submit the same for consideration.

An application from the local La Follette campaign headquarters for permission to string four banners across the streets at the various approaches to the city was denied.

## Corrigan Replies to Criticism on Report

The statement included in the report of the special committee appointed by the Glendale Motor Car Dealers' association to investigate the present system of hauling wrecked and abandoned cars from the city streets on orders from the police department, has roused considerable criticism among the local garage men, R. E. Corrigan, chairman of the committee, declares. This statement was to the effect that the committee would not recommend any change in the present system.

Mr. Corrigan today, referring to the criticism that has made, says: "There are a number of garages in Glendale that are sufficiently well equipped to handle any and all needs that the police department might have with a garage, but I believe it does not behoove the Glendale Motor Car Dealers' association to make any recommendations as regards the towing of wrecked automobiles from the streets. And I furthermore wish to state that I can see no reason why this business cannot be split between the different responsible garages in the city of Glendale."

## DAUGHTER BORN

A daughter was born this noon, September 4, 1924, at 12:10 o'clock to Mr. and Mrs. James G. Lyons of 619 North Howard street, at the home of Mrs. Giles of 1106 North Hoover street, Los Angeles.

## DENY PLOT TO KILL

**ROME, Sept. 4.**—Denial that an attempt was made to assassinate Premier Mussolini while he was motoring from Acquapendente to Rome was printed today by the semi-official newspaper Tribuna.

## BOSTON NEXT LANDING OF AVIATORS

**Yankee Flyers Resting Up Preparatory to Hopping Off for U. S. Soil**

**BULLETIN**  
**WASHINGTON, Sept. 4.**—The American round the world flyers now at Pictou Harbor, N. S., will hop off tomorrow for Boston, Lieutenant Lowell Smith advised the war department today.

**PICTOU, N. S., Sept. 4.**—Lieutenant Lowell Smith and Lieutenant Erik Nelson, United States army aviators, who are on the last long lap of their round the world flight, rested here today while their planes were overhauled and minor repairs were made.

This is the flyers' last stop before reaching United States soil. They hope to hop off for Boston, 520 miles away, tomorrow morning or Saturday.

"It will be good to be flying over Uncle Sam's territory once again," commented Smith.

The 420-mile trip from Hawkes Bay to Pictou was made in six hours and 26 minutes, the flyers arriving at 4:38 o'clock eastern standard time. Part of the flight was made through a rain storm but with favorable wind blowing from behind.

When Smith and Nelson leave Pictou, they will be accompanied by Lieutenant Leigh Wade, who fell into the sea between the Orkney Islands and Iceland. A plane is waiting at Pictou to replace the one lost at sea.

## ROTARIANS HEAR NEED OF Y FUND

**Dr. John Anderson Outlines Purpose of Campaign Sept. 16 to 23**

Dr. John Anderson appeared before the Glendale Rotary club this noon in an appeal for workers in the \$275,000 Y. M. C. A. drive. He pointed to the fact that Glendale has 3700 boys the age they need influence and only 700 of this number are cared for by the present "Y" facilities, the Scouts, DeMolay and similar organizations.

Glendale is the largest city west of Kansas City, Kan., he said, which hasn't a Y. M. C. A. building of its equivalent, and he pointed to the necessity for it among men of the community as well as the boys.

"Glendale has nothing bad, likewise it has nothing good in the way of amusement facilities for the large number of young people," the doctor commented.

**Endorse Drive**  
After the talk George Bentley made a motion which put the Rotarians on record as endorsing the Y. M. C. A. drive.

Earlier in the day, following a talk by George B. Karr on Defense day, twenty-nine club members promised to parade. It was pointed out by R. Ernest Tucker that the sort of a thing makes possible total of a standing army to the veriest minimum.

An appeal also was made by Rev. E. E. Ford for Rotarians to attend the Chamber of Commerce Forum dinner at the Oakmont club a week from tomorrow night.

William A. Howe of the Glendale theatre, who was to arrange for the program of the day, read a telegram from Rupert Julian, Universal film director, who stated it was impossible for him to be present with several screen celebrities. Something later was promised by Mr. Howe.

Committees reported to J. I. Wernette, who served in President J. Herbert Smith's absence, and the following visitors were present:

Joe Case, A. R. Jaquith, Jimmie Shelton, George P. Salm, A. M. Loomis, Bayard Byrne, Phil Hart, A. L. Rhodes, S. Cheroske of Los Angeles; Harry C. Dunning, Burbank; William Lorenz, Calico; and F. D. Sawyer, Newkirk, Okla.

## Glendale Second In State Horseshoe Pitching Tourney

Glenn B. Porter of 124 West Broadway finished second in the state horseshoe pitching tournament held at the state fair in Sacramento today, according to word received here by W. H. Nichols, secretary of the Glendale Horseshoe club. Robert Nunn, Oxnard youth, was crowned champion of the state, and W. R. Bradford of Long Beach and James Doyle of Los Angeles tied for third. Porter and A. V. Anstey, of 204 West Broadway, held the state championship last year in the doubles.

## BIG PARADE AT OPENING OF FAIR

**Burbank Exposition Boosters To Invade City and Be Hosts at Dinner**

The opening of the San Fernando Valley Industrial exposition, that starts at Burbank on Tuesday, September 9, is to be signalized by a mammoth parade of decorated automobiles that will start at Burbank, follow the San Fernando boulevard down to Kenneth road, pass through Glendale, and go on to Hollywood, returning to the starting point.

When the parade reaches Glendale it is planned to stop at the Egyptian Village for luncheon, and the procession will then form again and head over into Hollywood before going back to the fair grounds.

## Plan Glendale Day

The opening day of the exposition has been designated as Glendale Day, and decorated automobiles from this city will be in the line of the parade, which will be led by the queen and her two maids of honor, and during the afternoon and night several Glendale organizations will attend the exposition in a body as the guests of the management.

The exposition officials are to be hosts to the entrants in the queen contest, and a number of citizens of Glendale have been invited to attend the banquet, which will be held at the Egyptian Village here, among them being Mayor Spencer Robinson and A. T. Cowan, publisher of The Glendale Evening News.

## TWO DEAD IN CRASH

**LOS ANGELES, Sept. 4.**—Police here today were investigating two motor traffic accidents in which William Kim, 5, and Charles Watson, 19, of Pasadena, were killed. Ivan Keith, riding with Watson on a motorcycle, which was struck by a car driven by Frank Porter, was seriously injured and may die.

## LATEST NEWS

### COMMITTS SUICIDE UNDER HONEYMOON TRAIL

**NOGALES, Ariz., Sept. 4.**—Calmly placing his head across a railroad rail, Juan Acuna, 62, was instantly killed near here today when a train, carrying his newly married daughter, passed over the track. Acuna's head was completely severed. Acuna suicided, police said, just after a gay party celebrating his daughter's wedding.

### ASKS OVERTHROW OF PEKING GOVERNMENT

**SHANHAI, Sept. 4.**—Advices received today from Mukden sources close to Chang Tso Lin, war lord of Manchuria, declared that the emergency military conference in session there had decided to invade Chihli. General Chang is said to have issued a manifesto denouncing Tsao Kun, Chihli governor, calling on all China to overthrow the Peking government.

### WOOLWINE, HOME, GOES TO SANITARIUM

**LOS ANGELES, Sept. 4.**—Thomas Lee Woolwine, former district attorney of Los Angeles county, arrived at a sanitarium here today after nearly a year spent in Paris in a vain attempt to regain his health. Because of his still critical condition, the identity of the sanitarium has not been made known.

### LIFE IN PENITENTIARY FOR DUNLAP

**LOS ANGELES, Sept. 4.**—Found guilty of criminal assault and robbery, Harry J. Dunlap, notorious Southern California "badge bandit," captured in Detroit, was sentenced here today to serve 24 years and two life sentences in prison to run consecutively. Judge Charles Crail in passing sentence branded Dunlap as one of the world's worst criminals.

## ESCAPE FROM TRAP AMID SHOWER OF BULLETS

**Mrs. Peter B. Kyne, Wife of Novelist, In Party Caught Between Two Armies**

### BULLETIN

**WASHINGTON, Sept. 4.**—Arrangements have been made for protecting the foreign colony in Shanghai with a cordon of American, French, Japanese and British troops, Edward Bell, the American charge d'affaires at Peking, reported to the state department today.

A dispatch from Consul-General Cunningham at Shanghai reported the movement of revolutionaries in the vicinity of Quinsan and said the rebels were cutting the telegraph lines along their line of march.

**SHANGHAI, Sept. 4.**—Mrs. Peter B. Kyne, wife of the famous novelist and creator of "Cappy Ricks" character, and Miss Ruth F. Ohlsen, his secretary, had narrow escapes from death while touring the Chinese war zone this afternoon.

Accompanied by Carl Crow, a Shanghai advertising man, Mrs. Kyne and Miss Ohlsen, who are accompanying the novelist on a world tour, motored from Shanghai this afternoon toward the front on which fighting has been in progress for the past thirty-six hours.

**In Shower of Bullets**  
Arriving at Luho, the party saw soldiers but heard no firing and other evidences of hostilities were lacking. They parked the car in the shadow of the compound and prepared to rest before returning to Shanghai.

Suddenly they saw a large number of soldiers creeping across the fields which stretch for miles beyond the compound. Bullets started to patter about them and they realized that they had come between the opposing armies.

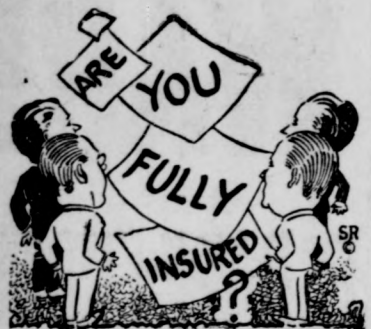

The party deserted the car and started a dash for a nearby hospital. Bullets continued to whiz by them and before they could reach the building artillery fire started.

**Hurry to Shelter**  
A shell dropped within ten feet of Mrs. Kyne but she owes her life to the fact that it failed to explode.

The hospital offered but poor shelter. Crow and his two companions raced four miles on foot between the lines and succeeded in reaching safety on a flanking row. A passing motorist picked

## Superintendent White in Statement Gives Details About Opening of Schools

Full information concerning the opening of the ten grammar schools and two intermediate schools on Monday, September 15, as announced yesterday in The Glendale Evening News, is issued today from the office of Richardson D. White, superintendent of Glendale city schools, 107 1/2 South Brand boulevard, and follows:

The first term of school will open on Monday, September 15, 1924. It is very important that every child should enter school on the first day and should thereafter be regular and punctual in his attendance. Any absence may be a serious menace to the child's standing in his classes.

**Half-Day Sessions**  
On account of crowded conditions, it will probably be necessary to maintain half-day sessions in Grades 1 to 3 of some of the schools.

In the rooms where half-day sessions are maintained, the morning session will begin at 8:30 and close at 12:20 and the afternoon session will begin at 12:30 and will close at 4:20. The schools in which it will be necessary to maintain half-day sessions in some or all of Grades 1 to 3 are the Acacia Avenue, Broadway, Columbian Avenue, Colorado Street, Doran Street, Grand View, Magnolia Avenue and Pacific Avenue schools.

**Special Permits**  
Owing to the crowded condition of some of the schools, it will be impossible to grant permits to attend school in a district other than that of residence with the same freedom as heretofore. Parents desiring such permits should apply at the superintendent's office during the week before school opens. No permits will be issued until the second day of the school term, at which time it will be possible to determine what conditions are. Parents are requested, therefore, even though they have applied for a permit, to send their children for the first two days of the term to the school in whose district they reside.

**School Age**  
The legal age for entering school is 6 years. However, an allowance of three months is made. This means that, in order to enter the first grade, a child would have to be 6 on or before December 15, 1924. No beginner will be admitted after Friday, October 10.

**Kindergartens**  
The law states that kindergarten age to be from 4 1/2 to 6 years. This law is interpreted to mean that the child's fourth birthday must have occurred at least three months before the opening of the term, i. e., in this case, on or before June 15, 1924. No allowance is made for over age. Any child who is 6 years old or older on the day the term begins will not be admitted to the kindergarten. Such child may, of course, enter school if the parents so desire. In order that the parent may have a choice between the kindergarten and the school, the child must be between 5 years and 9 months and 6 years old on the day the term begins.

Parents are advised not to send their children to kindergarten until they are at least 4 years and 9 months old for the following reasons: First, we have a kindergarten course of only one year and if a child finishes that before he has attained to school age he will either have to drop out for a half year or take the same work over again in the kindergarten.

**TO ILLINOIS PEOPLE**  
The same Wakefield's Blackberry Balsam that you and your family have used for nearly 80 years for Diarrhoea, Cholera Morbus, Cholera Infantum, etc., can be bought in every drug store in California. It is without an equal for quickly checking all loose bowel troubles.—Advertisement.

and, a child of 5 will get much more out of the kindergarten work than a child of four and a half.

**Superintendent's Hours**  
For any further information call up the superintendent's office between the hours of 9 and 5 except on Saturdays and Sundays. On Saturday call between 9 and 12. Telephone Glendale 593.

**Districts**  
Parents are urged to study the district lines as given below and to send their children to the school in whose district they reside, on the first day of the term. Please note carefully also the grades that each school will enroll. These district lines are subject to change either for a whole school or for separate grades if the first day's enrollment shows such a change to be necessary.

**Wilson Intermediate School**—(Corner Wilson Avenue and Jackson Street)—Grades 7 and 8. The district of this school is that part of the Glendale City School District lying north of the following described line: Starting at the intersection of the center line of Colorado street with the western boundary line of the Glendale City School District the line runs east on said center line to its intersection with the eastern boundary line of the Glendale City School District.

**Glendale Avenue Intermediate School**—(Corner Glendale Avenue and Park Avenue)—Grades 7 and 8. The district of this school is all that part of the Glendale City School District lying south of the line described in the previous paragraph.

**Grand View School**—(Corner Fifth Street and Justin Avenue)—Kindergarten and grades 1 to 6 inclusive. The district of this school is all that part of the Glendale City School District lying northwest of the following described line: Starting at the intersection of the northeastern extension of Highland avenue with the boundary line of the Glendale City School District, the line runs southwest on said northeastern extension and on the center line of Highland avenue and the southwestern extension thereof to its intersection with the boundary line of the Glendale City School District at its intersection with the wash.

**Central Avenue School**—(Corner Central Avenue and Dryden Street)—Kindergarten and grades 1 to 6 inclusive. The district of this school is that part of the Glendale City School District enclosed by the following described line: Starting at the intersection of the northeastern extension of Highland avenue with the boundary line of the Glendale City School District the line runs south along said northeastern extension and along the center line of Highland avenue and the extension thereof to its intersection with the wash; northeast along the wash to its intersection with the western side of Burchett street; east along Burchett street, including both sides of the street and its easterly extension thereof to its intersection with the center line of Jackson street, north along Jackson street, north along the extension thereof to its intersection with the boundary line of the Glendale City School District.

**Columbus Avenue School**—(Corner Columbus Avenue and Doran Street)—Kindergarten and grades 1 to 6 inclusive. The district of this school is that part of the Glendale City School District enclosed by the following described line: Starting at the intersection of the wash with the western boundary of the Glendale City School District the line runs east along said wash to its intersection with the westerly extension of the southern side of Burchett street; east along Burchett street, including both sides of the street and its easterly extension thereof to its intersection with the center line of Jackson street, north along Jackson street, north along the extension thereof to its intersection with the boundary line of the Glendale City School District.

**Doran Street school**—(Corner Doran and Everett streets)—Kindergarten and grades 1 to 6 inclusive. The district of this school is that part of the Glendale City School District enclosed by the following described line: Starting at the intersection of the northerly extension of Jackson street with the northern boundary of the Glendale City School District the line runs south along said extension to its intersection with the center line of the easterly extension of Burchett street, west along said extension to the center line of Brand boulevard, south along Brand boulevard to the center line of California, east along California to the center line of Kenwood street, south along Kenwood street to the center line of Wilson avenue, east on Wilson avenue to the center line of Belmont street, north along the center line of Belmont street to the center line of California avenue, east along the center line of California avenue to Adams street, thence north, including both sides of Adams street to Lexington drive, thence east, including both sides of Lexington drive to a point east of the center line of Belmont street, north along the center line of Monterey road to the east side of Verdugo road; thence in a straight line east to the boundary line of the Glendale City School District.

**Broadway School**—(Corner Broadway and Sycamore Canyon Road)—Kindergarten and grades 1 to 6 inclusive. The district of this school is that part of the Glendale City School District enclosed by the following described line: Starting at the intersection of the Sycamore Canyon Road with the eastern boundary line of the Glendale City School District the line runs west to the intersection of the Verdugo Road with Monterey road, northwest along the center line of Monterey Road to its intersection with a point east of Lexington Drive, thence west excluding both sides of Lexington Drive to Adams street, thence south excluding both sides of Adams street to the center line of California avenue, west along the center line of California avenue to the center line of Belmont street, south along the center line of Belmont street to the center line of Wilson avenue, west along Wilson avenue to the center line of Glendale Avenue, southwest along Glendale Avenue to the center line of Harvard street, east along Harvard street to the center line of Everett street, south along Everett street to the center line of Lomita Avenue, east along Lomita Avenue to the center line of Adams street, south along Adams to the center line of Maple street, east along Maple to the center line of Sycamore Canyon Road, south along Sycamore Canyon Road to Acacia Avenue, thence in a straight line east, excluding both sides of Acacia and both sides of Hilda Avenue to the boundary line of the Glendale City School District.

**Acacia Avenue School**—(Corner Acacia Avenue and Mariposa Street)—Kindergarten and grades 1 to 6, inclusive. The district of this school is that part of the Glendale City School District enclosed by the following described line: Starting at the intersection of the southerly extension of Boynton street with the southern boundary line of the Glendale City School District, the line runs north along said extension to its intersection with the easterly extension of Los Feliz road, thence west along said extension to the eastern line of Glendale Avenue, north along said line, excluding both sides of the street, to the center line of Cypress Avenue, west along the center line of Cypress to its intersection with the center line of Brand boulevard, north along Brand to the center line of Palmer Avenue, west along Palmer to the center line of Central Avenue, north on Central Avenue to the center line of Windsor road, east on Windsor to the center line of Brand boulevard, north on Brand to the center line of Maple, east on Maple to the center line of

## CLUBWOMEN HOLD OUTING AT BEACH

Members New Organization  
 Motor to Santa Monica;  
 Plan Other Events

The Women's Athletic club of Glendale had its first outing yesterday on the beach near Santa Monica, where forty Glendale women enjoyed a picnic luncheon and later participated in calisthenics, games and swimming.

Meeting at the Harvard High school at 10:30 o'clock, the club group left by motor for the beach. Each one attending brought a picnic lunch, which was enjoyed with coffee served by a special committee.

**Plan Other Outings**  
 Mrs. Glen Vail, physical director of the club, was in charge of the physical exercises taken in the afternoon. Games and swimming followed.

So successful was the outing that other affairs of the kind are to be arranged.

Announcement is made that the club members will meet at 10 o'clock Monday morning in Patterson Avenue park for calisthenics and swimming.

**Conover Will Return**  
 From Northern Trip

R. L. Conover, sales manager of the Packer Motor Co., 245 South Brand boulevard, is expected back here Monday from Roseburg and Everett, Wash., where he went to meet his son, Robert Conover, Jr., who has been spending his vacation with relatives.

For not quarreling with his wife for a year and a day, T. Mardy Jones, a Socialist member of Parliament in England, was awarded a prize recently.

## GOLDEN WEDDING DAY CELEBRATED

Mr. and Mrs. I. N. Richards  
 Honored With Banquet  
 On Anniversary

Mr. and Mrs. I. N. Richards were happily reminded Monday that it was the golden anniversary of their marriage, for their niece, Mrs. E. W. Cunningham, with whom they reside, arranged a family dinner.

The Richards were married in Middleport, Ohio. Mrs. Richards, whose maiden name was Miss Sue Peeter, was born in Johnstown, Pa., while Mr. Richards is a native of West Virginia. They have never had any children.

For many years they made their home in Ohio and Pennsylvania, and came to California twenty-six years ago. They have visited Glendale on various occasions, but came here to reside permanently at the Cunningham home, 1333 North Louise street, last spring. Mr. Richards is 80 years of age, while Mrs. Richards is 75.

**Flowers and Gifts**  
 White and gold were the colors used by Mrs. Cunningham in arranging for the anniversary dinner. A special feature was a huge wedding cake, bearing the words "Fiftieth Anniversary" and two kewpie dolls on the icing, a gift from Mr. Richards' sister, Mrs. Nannie Leonard of West Virginia.

Mr. and Mrs. Richards were recipients of a wealth of beautiful flowers, gifts and messages from near and far. During the day they received calls from old friends.

Dinner was served at 2 o'clock and was enjoyed by a company of relatives.

Grain has been handled in bags in South Africa, but because of the increase in the crops, thirty-eight elevators are being built to care for part of it.

## SEEK EQUIPMENT FOR 'RAIN PADRE'

Knights of Columbus In  
 State-Wide Move to Get  
 New Observatory

Chairman Harry I. Mulcrevy, of San Francisco, of the Knights of Columbus Father Richard Memorial Observatory committee, today addressed a message to the grand knights of each council of the order in the state, announcing the launching of the state-wide movement to raise a fund of \$100,000 among the Knights of Columbus membership, and their families and friends, to erect a new observatory, completely and adequately equipped, for the "Padre of the Rains" Rev. Jerome S. Richard, S. J., at the University of Santa Clara.

The state-wide appeal to the Knights of Columbus follows the passage of a resolution at the order's recent state council in Pasadena, pledging support and prompt action towards a movement for the erection of a Knights of Columbus memorial observatory to Father Richard, at Santa Clara.

**Establishes Record**  
 The world-famous padre has been serving the farmers and business men of the Pacific coast for many years past, through his remarkably accurate long-range weather forecasts; his splendid achievements being attained despite the handicaps of inadequate quarters and obsolete equipment, and given freely to everybody, regardless of race or creed. It is now the plan of the Knights of Columbus to provide a new and modern observatory for the venerable padre at Santa Clara university, and completely equip the structure with the most powerful and largest scientific and astronomical apparatus possible. It is said that if given the desired equipment with which to work, Father Richard can extend his weather forecasts to the middle west and eastern states, and thus serve practically the entire North American continent.

**Plan to "Carry On"**  
 It will also be possible to perpetuate his work, by placing a corps of assistants under him, to whom he can pass on his theories and principles, calculated to carry these achievements on down through the years to come.

It is the hope of the Knights of Columbus to break ground for the new observatory on Father Richard's 75th birthday, in February. Present plans also call for the laying of the cornerstone of the edifice in the spring, and formal dedication of the completed building within a year hence.

## Superintendent White Gives School Details

(Continued from page 2)

tersection of the center line of the western extension of Palmer avenue with the western boundary line of the Glendale City School district, the line runs east along said extension and along Palmer to the center line of Brand boulevard, south along the center line of Brand boulevard to the center line of Cypress avenue, east along said center line to Glendale avenue, then south along the east side of Glendale avenue including both sides of the street, to its intersection with Los Feliz road, thence east along the easterly extension of Los Feliz road to the southerly extension of Boynton street, then south along said extension to the boundary line of the Glendale City School district.

**Magnolia Avenue School** (Corner Magnolia Ave. and San Fernando Road)—Kindergarten and grades 1 to 4 inclusive and B-5. The district of this school is that part of the Glendale City School district enclosed by the following described line: Starting at the intersection of the westerly extension of the center line of Eulalia street with the western boundary line of the Glendale City School district, the line runs northeast on Eulalia street to the center line of Central avenue, north on Central avenue to the center line of Los Feliz road, east on Los Feliz to the center line of Brand boulevard, north on Brand boulevard to the center line of Park avenue, west on Park avenue to the center line of Central avenue, north on Central avenue to the center line of Garfield avenue, west on Garfield to the western boundary line of the Glendale City School district.

Whenever the lines of this district overlap the lines of any other district this will take precedence over the other so far as concerns the grades enrolled.

## Undergo Operations At Local Hospital

Mrs. Alfred Johnson of 342 North Jackson street had her tonsils removed this morning at the Glendale Sanitarium and Hospital.

A major operation was performed at the same institution on Mrs. Ida Carmichael of 224 North Verdugo road.

ing of the cornerstone of the edifice in the spring, and formal dedication of the completed building within a year hence.

## PIANIST TO GIVE RECITAL AT CLUB

Wesley Kuhnle to Make First  
 Appearance After His  
 Return From Europe

Wesley Kuhnle, pianist, of 111 West Maple street, has issued invitations to a recital, Tuesday night, September 23, at the Tuesday Afternoon clubhouse. This will be the first of a series of three recitals Mr. Kuhnle will give during the fall and early winter.

They will be the first public appearances of Mr. Kuhnle since his recent return from the east and abroad, where he studied in New York, Leipzig, Berlin and London. During his study he appeared in private recitals in both Berlin and London.

The program for the coming recitals will be drawn from a repertoire of more than seventy-five pieces, many of which are favorites of the student and music-loving public; including also various modern and ultra-modern pieces.

Dates of Mr. Kuhnle's three recitals are announced as September 23, November 18 and January 20.

## AGENCIES PLEAD FOR MORE AUTOS

Orders for New Oldsmobile  
 Flood Factories From  
 All Over State

Telegrams from dealers increasing their original orders have been flooding the offices of the Olds Motor Works, Lansing, Mich., since the introduction of the refined, newly beautified Oldsmobile Six on August 17, according to Guy H. Peasley, sales manager, in a letter to C. H. Hunter, 205 West Broadway, local dealer. The reception of the improved line by the public was greater than factory officials anticipated even in their most optimistic moments.

Actual orders total more than three times the dealer allotment and production schedule set for August, Peasley reports. These orders, supplemented by earnest pleas for more cars, have resulted in the factory speeding production as rapidly as possible without sacrifice of quality in an effort to keep pace with the demand.

Already this year the Olds Motor Works has broken all previous retail sales records for any twelve-month period. From present indications as exemplified by the flood of orders, 1924 not only will be the greatest year in the history of this company, which is the oldest in the automotive industry, but also may double the best previous year. This outlook is particularly pleasing to factory officials, inasmuch as new records will have been made during a period of supposed depression in the industry.

## Fined \$25 for Theft Of 7 Prize Chickens

O. C. Hanney of 853 West Fifty-fourth street, Los Angeles, was fined \$25, and Otis Hang, 8129 Soledad street, Los Angeles, was dismissed, when the two men were arraigned before Judge Harry W. Chase today on a charge of stealing seven purebred White Brahma chickens belonging to Mrs. W. A. Babb of 1010 East Aencia street. Officers who arrested the pair identified the chickens as the property of Mrs. Babb, and her claim was supported by neighbors. Mrs. Babb told the court the chickens were prize show stock and valued at upward of \$15 each.

## PREDICT STEADY BUSINESS GROWTH

H.L. Miller Company Reports  
 Increase Over Volume  
 Of August, 1923

Convincing proof of a most optimistic business outlook for fall and winter months in Glendale, is seen in the report coming from the H. L. Miller company of 109 South Brand boulevard, that business for August in real estate and insurance exceeded that for August, 1923.

The Miller company is one of Glendale's most active institutions, and the prediction for better business will be welcomed by Glendale residents as most reliable information.

Through its service to longtime residents and newcomers to Glendale the Miller company has established an enviable reputation, which is emphasized by continued success in all business transactions.

H. R. Rice, who has charge of the real estate department, has had five years' experience with the company, and is well posted on values. Another member of the force is C. A. Alsbaugh, who was engaged six months ago. He came from Akron, Ohio, and the Miller company sold him a home the second day he was in Glendale. He is now building a home at a cost of \$15,000. He was for several years in the real estate business in Akron, and since coming to Glendale has become thoroughly acquainted with realty values here.

H. M. Motzkus, who has been in the real estate business in Los Angeles for the past fifteen years, is also employed by Mr. Miller. He is a first-class architect and builder, and is prepared to build for anyone or to finance any building project at a 6 1/2 per cent rate of interest.

With these men assisting him, Mr. Miller is able to devote his attention exclusively to all kinds of insurance.

## Victim of Accident Better, Returns Home

Miss Regina Strasser, who was injured Monday night in an auto mobile crash on Pacific avenue, was able to leave the Glendale Research hospital yesterday and return to her home at 247 North Brand boulevard.

## Appeal to Convey Woman Age 83 to Picnic Is Answered

The plea voiced yesterday in The Glendale Evening News for some Glendalians to take a dear old lady to the old folks' picnic Saturday in Sycamore Grove park, Los Angeles, was answered at an early hour this morning by Mrs. George H. Warren of 640 North Maryland avenue. Mrs. Warren was making plans for motoring over to the picnic, taking as guests Mrs. Sidney Dell and Mrs. Martha J. Miner. Added to this company will be Mrs. Ellen M. Starkweather of 414 East Wilson avenue, 83 years of age, a new member of The Glendale Evening News Sunset club.

## CLAIMS DESCENT FROM SCOTS' KING

Glendale Resident Traces  
 Ancestry Direct to  
 Robert Bruce

Claim to direct descent from Robert Bruce, king of Scotland, is made by Mrs. Ellen M. Beckwith Starkweather, 83 years old, of 414 East Wilson avenue, whom The Glendale Evening News is happy to add to the list of members of the Sunset club.

Mrs. Starkweather and her husband, Elihu D. Starkweather, reside on East Wilson avenue with their only daughter, Mrs. Marie Gifford.

Mrs. Starkweather was born June 23, 1841, and was married in Port Allegany, Pennsylvania. Mr. Starkweather's native town, where they lived for many years. They have been Glendalians four years.

News Want Ads Bring Results.

## GLENDALE OFFICE SETS NEW RECORD

Business at Union Pacific  
 Branch Increases 400  
 Percent, Agent Says

The low summer rate on railroad transportation back east expires September 15, which will conclude a season that has broken all records, according to C. A. Redmond, local Union Pacific passenger agent, with offices at 129 South Brand boulevard.

The volume of business done by this line in Glendale since the opening of this office eight months ago has increased nearly 400 per cent over any previous season, Mr. Redmond states, while T. C. Peck, general passenger agent, with headquarters in Los Angeles, expresses himself as follows:

"We gave the people of Glendale the best service possible to offer, and the fact that they have given us their support so loyally is very gratifying to me. We have many things in mind for the betterment of conditions in Glendale, and upon completion of our \$40,000 depot now building at the corner of Lexington drive and Geneva street, we will be in better shape than ever to keep up with the wonderful growth of Glendale."

## Arrange Sea Trips

Mr. Redmond points out that the local office not only arranges railroad transportation, but handles steamship travel as well, to all points, trans-Atlantic, trans-Pacific, South America and other parts of the globe. It is, therefore, possible not only to check baggage by rail to any hotel in the country, without the necessity of going to Los Angeles, but it is also possible for the local traveler to make complete steamer arrangements from the Glendale office of the Union Pacific system.

"I am greatly pleased with the large amount of European business which your office has booked over our lines," writes H. G. DeGolla, general manager of the Cunard Steamship company, to Mr. Redmond. "It surprises me as to the volume and indicates that Glendalians are fast becoming addicted to the habit of traveling to European points."

Two million children enjoy public playgrounds of this country.

### Daily Greeting To News Readers

**THE TRUE AMERICAN**—  
Accepts his duties as readily as his privileges.  
Puts his country's good above his private gain.  
Knows the flag flies no higher than his own loyalty.  
Goes to the polls even when it is inconvenient.  
Admits the right of any man to a difference of opinion.  
Makes the test of citizenship not creed but character.  
Honors his ancestry by safeguarding his posterity.

### PAYING OUR DEBT TO CITY

A current magazine contains the story of a man who pledged himself years ago to give himself entirely to his home town as soon as he had enough money to provide for himself and those dependent upon him. He made his fortune in the mercantile business, sold out and placed his money in securities that would require little attention and provide a living for his family.

Now he is city commissioner, county supervisor, Community chest secretary, a member of all the committees of the Chamber of Commerce, a director or official in almost every organization in the city—Muskegon, Mich. Any fees that come to him in the performance of any of his duties are turned over to charity.

This man has the right idea. He says he made his money in Muskegon and he owes the city a debt. He is unique and yet he is not unique. There are men and women in every city, and Glendale is fortunate in having a large number of them, who feel that they owe something to the city, and who give all the time they can. A man who is not financially independent, who has to earn a living for himself and family, and yet who gives from his meagre leisure time some service to the city, deserves a great deal of credit, too.

Muskegon may have one man giving all his time to the city, but Glendale has a great many men and women who are giving a great deal of time to Glendale.

### NOTHING IS IMPOSSIBLE

Will wonders never cease? When we declare that such and such a thing will never come to pass (as was predicted about the invention of the steamboat, the telegraph, the telephone, wireless telegraphy, air transportation and every other invention that has come to bless mankind) we are only exposing the limitations of our own minds, for nothing seems impossible to science.

Medical advice is now being broadcasted from radio stations on the Atlantic and Pacific coasts to ships too small to carry their own physicians. Certain hospitals pick up these calls, handle them free of charge, assign a physician to each case and sometimes call a number of doctors in consultation, so that the sick or injured sailor out in the middle of the ocean enjoys the services of the best medical talent available.

Just a short time ago we were astounded by the announcement that photographs had been sent by telephone, and now comes the news that photographs have been transmitted by radio, and that radiovision, which is the ability to see in one place what is happening in a distant place, is actually being demonstrated, although not perfected. C. Frances Jenkins, who invented the motion picture projection machine thirty years ago, is the inventor, and he says it will be but a short time until sporting events and other public spectacles will be broadcasted for the eye just as concerts and speeches are now broadcasted for the ear.

### FIGHT FOR IDEAS

We are a people who find it very hard to break away from precedent. We cling to the old things, the old ways. We are so fearful of new customs and ideas, and so never get much further than our grandparents got. In spite of the revolution in the manner of living in the last generation, and in spite of the wonderful inventions that have come into use, many of the rank and file of the people are virtually slaves in their way of doing little things because their grandparents did them that way. It seems almost sacrilegious to think for ourselves, to devise easier and quicker ways of doing things.

People who progress and accomplish things look around them for new ideas. They don't discard a thought or a plan because it is new. They are willing to experiment. No one can advance in any work without filling his mind with his subject, learning all he can about it and then reaching out for new methods and new ideas, making experiments and taking advantage of all opportunities.

A famous psychologist gives this advice: "When you get an idea, and it seems something good, study it thoroughly. If it seems big after that, fight for it. Try your best to see it through. It is to fighting bitterly for an idea that I owe my present position in science."

### FAILURE TO VOTE DISLOYALTY

The late President Harding, speaking in October, 1920, to 30,000 new voters—women newly enfranchised, young men who had just attained their majority and recently naturalized citizens—said to them:

"Any good American will say, as I say now, that the man or woman who fails to vote at all, who casts aside his or her right and obligation, whether wilfully or carelessly, has done injury to his or her country and to his or her countrymen. Such a person has done something to lower the esteem of the franchise of American democracy and to injure the ideals of our country. To that extent such a man or woman has been disloyal to America."

A democratic government bestows privileges but it makes demands too. Peace-time loyalty is just as essential as war-time loyalty. The man or the woman who neglects to vote must bear a share of the blame for any corruption in politics or government. The one who has voted according to his best judgment has done his part.

### BOBBING NO FAD

It is charged that a woman loses her individuality and distinction with the shearing of her locks. But, she comes right back and says the freedom, independence and comfort she gains more than compensate her for a loss that is somewhat doubtful. A national journal says that bobbed hair is not a fad but a revolution, that what seemed yesterday a temporary and departing style, now threatens to become a universal habit.

There is no rest from superlatives. We are now introduced to the healthiest girl in America.

The man who has to drink muddy coffee for breakfast has ample grounds for divorce.

The man who has an aim in life may usually be counted on to make a hit.

Motto adopted by Pedestrians' club: "You can't keep a good man down."

### FOR BETTER OR FOR WORSE

### Whole Wheat Bread

By DR. FRANK CRANE

The campaign for bread made of the whole grain of the wheat is not only rampant in America but in Europe.

The efforts of millers to please the eye by whitening the flour and to do so by extracting all things that interfere with its perfect color have resulted in taking away from the flour those elements of the grain which are necessary for the sustenance of the human body.

A book, recently published in England, holds that cancer, which is increasingly prevalent in civilization, is due to devitalized food and that the best cure for this mysterious and horrible disease is the preventive influence of whole wheat or whole meal bread. Doctors are not yet agreed upon that to which the germ of cancer is due, but it is the general impression that it must be due to malnutrition of some sort, at least that malnutrition furnishes it a favorable soil on which to work.

Another terrible disease is that of blood poisoning, such as took off the son of President Coolidge. It is averred in some circles that blood poisoning only attacks those whose vitality is weakened by under nourishment and that the continuous use of the products of devitalized products is favorable to blood poisoning.

Whatever conclusion we may reach as to the

influences which react favorably to these two diseases it cannot be doubted that the continued use of devitalized flour is not beneficial to the race. We have seen considerable instances recently of attempts to popularize whole wheat flour and the products of the same. Wheat is the natural food of the human body and probably more people live upon the products of wheat than upon any other one thing except those of rice.

It is established that devitalized rice, or polished rice, brings on the disease known as beri-beri.

It is also well known that the disease of pellagra is caused by the eating of food products made of devitalized corn flour.

Just what nourishes the human body is among the secrets of that mysterious science known as organic chemistry, but there are considerable grounds for believing that the use of whole wheat flour, or the use of the whole grain in some way, is beneficial and that the use of devitalized flour, or flour made white in the endeavor to make it pretty, is responsible for diseases of more than one kind.

In the interest of good health, therefore, the use of whole wheat flour should be encouraged.

### Horoscope

Jupiter, the Sun and Uranus rule this day in benefic aspect, according to astrology. Neptune is adverse.

During this planetary rule men and women should push all their enterprises and be certain that they are well directed.

This is a day most auspicious for making plans that are ambitious, since good signs promise success for them.

Business should show a distinct revival at this period when bankers are likely to be helpful.

The year will be marked by surprising combinations of manufacturing interests which will co-operate in a novel manner, the seers prophesy.

All the indications are that persons already holding places in the Sun will benefit.

Sudden veering of political opinions may be expected for the stars encourage fickleness and variability of thought.

Agriculture, building and general employment will benefit at this time when there are aspects that should encourage even the most habitual pessimist.

Again astrologers give warning of disasters at sea. Drownings and explosions may again shock the world.

Stars read as indicating cruelty to children and crimes against women seem to presage even greater offenses in the future.

Astrologers declare that all the people are responsible for lawlessness and that until every citizen assumes his share of responsibility vice will continue to increase.

Under this sway deception is believed to be easier than usual and women are warned to beware of temptation.

Folly in sentimental aspirations that concern older women and very young men is again discerned by astrologers.

Persons whose birth date it is should be exceedingly wise in managing financial affairs during the coming year. Speculation will be especially unfortunate.

Children born on this day may have many financial ups and downs, for these subjects of Virgo will be more interested in artistic things than in business.

Federal railways in Austria will be operated by electricity.

### Today's Poem

**FRUGALITY**  
A business man, the banker said,  
Must first possess a level head.  
Plus principle that merits gain,  
A sense of justice will maintain:  
With common sense he builds a  
trough

To drain and carry water off,  
Which may be either cold or hot,  
The temperature it matters not;  
Essential is the basic rule:  
That figures out each working  
tool.

The schools of learning are today,  
With simple rules; like children's  
play;  
For knowledge lies within such  
play.

That need no fish or grappling  
hooks  
To bring it forth from waters  
deep.

If we're awake and not asleep;  
It takes a brainy, level head  
To face the danger signal red,  
That bankruptcy is on its way.  
Lest we foundations solid lay.

This banker then went on to say  
That things were different in his  
day;

A strict account for every cent  
He had to give for pleasure spent,  
For time was figured worth a coin  
And work and play could never  
join;

Advice he gives to me and you:  
Collect just debts to you are due—  
Save every dollar, ever time,  
To waste them is a petty crime.

### Letters From Election Day

**Aliens**  
Some reasons why men and women do not vote

Editor The Evening News:—  
You ask why I didn't vote at the primaries. Well, I have several very good reasons, as you will see. In the first place, I didn't know where the polling place was nor how to find it. How could I vote when I didn't know where to go? Another reason was, I didn't have any idea what the election was for, so why should I take the trouble to go and vote? They didn't send me any sample ballot or notify me where to vote. If they did, it was thrown in the waste basket before I had a chance to look it over. But I am pretty sure that they never sent me any.

If you are trying to get more people to vote I should like to make a suggestion. Begin at the beginning. Jack up those whose duty it is to send out the sample ballots. Right there is where the trouble lies. Every citizen has a right to know who the candidates are, and what they are supposed to vote for, and if a fellow does receive a sample ballot and throws it away because he thinks it is an advertisement, whose fault is it? They keep all the information from us and then howl because we don't vote.

There is still another reason why I didn't vote. At the last election they refused me a Democratic ballot because "I hadn't stated my party preference when I registered. Why should I take the trouble to hunt up the polling place when, like as not, I will be refused a ballot after I get there. We hear a lot of talk about this being a free country and yet we can't vote when we want to. I made up my mind at the last election that it would be a long time before I gave anyone the chance to humiliate me that way again, and me an American citizen.

To my mind elections are too much trouble for the average citizen. If you can devise some way to make them simpler no doubt you can get more people to vote. At the very least it takes ten or fifteen minutes every time there is an election and often it takes longer than that.

I may vote in November if they send me a sample ballot and let me know where the polling place is. And this will have to come plainly marked, so that I will know what it is. It is too much trouble to look for it and segregate it from the mass of the mail matter that comes in the mail. Yours for simplifying elections,  
MR. TOO MUCH TROUBLE.

### DEATHS - FUNERALS

**HENRY S. PARKER**  
Final tribute was paid this afternoon to Henry S. Parker, brother of Mrs. A. T. Cowan, of 324 North Central avenue, when funeral services for Mr. Parker were held at the Little Church of the Flowers in Forest Lawn Memorial park. Mr. Parker died at his home in Highland Park Tuesday morning.

Rev. Campbell Coyle, pastor of the Highland Park Presbyterian church, officiated.

The pallbearers were: Seeley Batchley, F. M. Wiest, A. R. McPhail, George T. Paine, David Flint and A. Rath.

**TALMADGE D. STROUP**  
Talmadge D. Stroup died yesterday forenoon, Wednesday, September 3, 1924, at his home, 2101 North Verdugo road, at the age of 40 years. He was born in Spencer, Ohio.

Surviving him are his widow, Mrs. Dora E. Stroup; one son, Donald; his father, W. H. Stroup of Spencer, Ohio, and a sister, Lavina Stroup of Cleveland, Ohio.

The father is en route to California, and upon his arrival funeral arrangements will be announced by Kiefer & Eyerick.

**ANTHONY B. GROSSETTA**  
Anthony B. Grossetta died yesterday, Wednesday, September 3, 1924, at his home, 1255 Elmwood street, Burbank, at the age of 63 years.

He was born in Austria, and had lived in California one year and four months. The past four months he had resided in Burbank. The family formerly lived at 307 1/2 South Central avenue, Glendale, and have many friends here.

Surviving Mr. Grossetta are his widow, Mrs. Etta F. Grossetta, and a son, Warren A. Grossetta of Tucson, Ariz.

The deceased was a member of all Masonic orders of Tucson. His body will be shipped tomorrow by Kiefer & Eyerick to Tucson for funeral and burial.

**MRS. LIDA MCLEAN**  
Mrs. Lida McLean died yesterday, Wednesday, September 3, 1924, at a hospital at the age of 23 years. She was a native of Kentucky and had lived in California three years.

Surviving her is her father, William P. Stone of Kentucky. Funeral services will be held at 3 o'clock Friday afternoon in the Little Church of the Flowers in Forest Lawn Memorial park. Kiefer & Eyerick, directors.

# AUTOMOBILE SECTION

GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, THURSDAY, SEPT. 4, 1924

## COMMUNES WITH NATURE VIA AUTOMOBILE

### STATE HIGHWAY ENGINEER URGES DEATH-TAKING GRADE CROSSINGS BE ELIMINATED

Increasing Use of Automobile Necessitates  
That Some Action Be Taken To Reduce  
Fatalities In Nation, Says Official

The grade crossing question forms one of the most important that the state of California is called on to face, and the solution of this problem and the elimination of what are described as death traps will work immeasurable advantage to the state in the saving of human lives and in the prevention of accidents that injure hundreds of people every year.

That is the opinion of J. W. Woodson, division engineer of the California Highway commission, who quotes statistics to show that the year 1923 took a toll in the United States of 2268 persons killed and 6314 injured at railroad crossings, while the past five years have seen 9101 killed and 24,208 injured.

"The average person," says Mr. Woodson, "does not care much for statistics. If by chance he sees these figures he merely classifies them with other facts that are of minor importance."

"But these figures are important and significant. Despite the fact that it is incumbent on every driver to be careful and to make sure that no train is approaching a crossing at the same time as he does, the only way in which this nation-wide menace can be removed is by the elimination of

grade crossings. Stages, school buses and trucks are compelled to stop upon approaching a crossing. Drivers of these vehicles, he maintains, halt in a perfunctory manner at the prescribed stops, and many of them start their machines again without troubling to look to see whether a train is coming or not. They seem to think that they have done their full duty, he claims, when they stop, while, as a matter of fact, the purpose of stopping is to ascertain whether danger exists.

"The main obstacle to the separation of grades is the cost," says Mr. Woodson. "There are two types of substitute grade crossings, the overhead and the subway. Except where natural physical conditions warrant, such as depressed railway tracks or tracks through

### Be Careful When You Drive Over Railroad Crossing

SAN FRANCISCO, Sept. 4.—One automobile out of every 2000 in California is involved each year in a railroad accident on the 11,000 railroad crossings at grade in this state, and 600 automobiles are destined to be wrecked at such crossings in California before the close of 1924, according to A. E. Loder of the California State Automobile association.

General opinion that grade crossing accidents are due to obstructed view of the railroad right-of-way is proven erroneous, said Loder, in view of the fact that analysis shows that 70 per cent of the accidents occur in broad daylight and 63 per cent at crossings where the view is entirely unobstructed.

### COVER THE WIRES

Electric tape is not the best material with which to patch leaky insulation on the high tension wires, as it is loosened by oil getting on it. This is because oil dissolves the rubber compound which makes it stick. Use ordinary cotton tape to bind up the break in the insulation and afterward apply shellac liberally. This does not look so well, but makes a more satisfactory repair.

a cut, the subway is to be preferred.

"The overhead crossing, in most cases, is unsightly and detracts from the value of adjacent property, and divergencies from the common grade elevations are much more favorable for construction of subways than overhead crossings."

### CAR WEIGHT GRADUALLY REDUCED

Automobile Industry Making  
Efficient Improvements  
In Various Models

By J. C. ROYLE  
Special correspondent of The Glendale Evening News. Copyright, 1924.  
NEW YORK, Sept. 4.—The changes now taking place in the engineering, factory and mechanical practices of the automobile industry are directed toward achieving a car complete in each detail which should be more economical to run. Great as are the changes made in automobiles in the last twenty years, responsible engineers connected with the industry do not hesitate to predict greater changes pending.

The fight to cut down weight is still going forward relentlessly. The Ford Motor Co., which has been using pistons of cast iron weighing four pounds each, now is installing in its engines steel pistons weighing but two and one-half pounds. Many of the patented alloys of steel and other metals are receiving attention and being subjected to numerous tests. New uses for aluminum and vanadium are being tried in a score of experimental plants.

Important Factor  
It has been a maxim in the automobile industry that automobiles over a certain weight added

(Turn to Page 7, Col. 5)

### Opening of School Brings Warning to Auto Drivers

By M. B. TOWMAN  
(Secretary of the Glendale Motor Car Dealers' Association and Local Representative of the Automobile Club of Southern California.)  
Look out for the kiddies! With the opening of school for the fall term, thousands of youngsters, many of them just starting their school life, will be flocking to the streets, and the danger of accident automatically will be increased many fold over the vacation period.

Motorists are cautioned to watch carefully because of this new influx of child jay-walkers. The public safety department of the Automobile Club of Southern California is reminding motorists of this fact and urging that they recall safety suggestions of the past, especially not encouraging the youngsters to frequent the streets by giving them free rides.

Many of the children have been playing in the open spaces during the summer and are very apt to forget to "Stop, Look and Listen" before going into the street in pursuit of the elusive ball, or in the excitement of a game of tag. Every ice-wagon, sand pile or pile of building material serves as a magnet to the children, and they may be expected to dart out in the most unexpected manner in the neighborhood of such locations.

When approaching children do not be afraid to use a horn, but do not depend upon it to blow the children off the street and replace your brake.

If you see children trying to cross the street, give them a chance, and wait for them, as you would like to have another motorist wait for some one who is near and dear to you.

With the observance of these suggestions it is hoped to reduce the unnecessary loss of life among children during the coming year.

### FRED HILL TELLS ABOUT TRIP OVER 8,000 MILES LASTING FOR FIVE MONTHS

Packs Camping Equipment In Lexington Car  
and Starts On Tour That Takes In Many  
Interesting Places Through Southwest

By A. S. HALL  
Of The Evening News Staff.  
He who communes with nature, even in an automobile, profits thereby, declared Fred Hill, of 516 Oak street, who becomes poetical when talking about the trip taken by himself and wife in their Lexington coach, covering between 8000 and 9000 miles, and being absent from Glendale for five months. "There is nothing that makes a man feel glad that he is alive like traveling around, roughing it, sleeping under the stars, seeing the sun rise every morning and set at night, and get in a lot of hard licks during the daytime," is the philosophy of Mr. Hill. "When it comes to real, honest-to-goodness living, give me the great open spaces every time."

Five months ago Mr. and Mrs. Hill packed their camping equipment in their Lexington coach and turned the radiator southward. Aboard their trusty car was everything they felt they would need on a long tour, and nothing that could not be utilized often, for no "dead" baggage was included in the equipment.

Even a radio set was included, for Mr. Hill said he felt recreation and amusement were just as necessary as gasoline and oil on a motor trip, especially when they did not know where they were going, or how long they would be gone, when

he stepped on the starter and threw in the clutch.

As a way of a start they followed the coast route to San Diego. Next they visited Tia Juana and looked over the quaint little Mexican city across the border. The next stop was Phoenix after traveling over the scenic southern route.

From Phoenix they motored to the Grand Canyon and spent some time looking at nature's great wonder. Then southward again, the road leading them to El Paso,

## TELLS POLICY ON USED CAR SALES

Thirty-Day Guarantee Gives  
Buyer Confidence In  
Firm, Say Dealers

Successful used car dealers claim that the only way to sell used cars is on the same basis as the dealer sells new cars. Miller & Rafelson, 240 South Brand boulevard, have followed that policy closely, and during the past eight months have delivered over 275 reconditioned cars to their large following of pleased customers.

As a 30-day guarantee goes with each used car, a buyer can purchase his car with confidence. "Our old customers are our best salesmen, as hardly a week passes that we don't sell a car to some one that one of our old customer

## Britain Experiments On Powerful Engine

LONDON, Sept. 4.—Secret experiments involving the production of an airplane engine developing 3000 horsepower are being pursued by the British Air Ministry, it is reported.

A single cylinder has been constructed for experimental purposes and has been found to produce over 250 horsepower. The proposed new area engine will have twelve such cylinders.

If the experiments are successful it is expected that commercial aviation will be revolutionized. Experts of the ministry set great store by the successful production of the engine and are convinced that its construction is within the realm of possibility.

Friends brought in," say members of the firm.

Late model Fords are handled exclusively by Miller & Rafelson, and anyone contemplating the purchase of a used Ford will do well to look over their stock.

## Use Arm Signals to Cut Down Accidents

In view of the fact that so many people seem to place absolute confidence in "stop signals" as a means of advising other motorists of their intention to stop or change their course, the public safety department of the Automobile Club of Southern California wishes to call to the attention of the motoring public the fact that "stop signals" are as apt to get out of order as tail lights, or any other mechanical device.

If the motorist does not supplement the mechanical signal with an arm signal, he is laying himself liable to an accident. We, most of us, equip our cars with these devices as a means of protection. However, we should realize that they sometimes get out of order and do not accord us the protection we are depending upon. We should, therefore, take the added precaution of always giving the arm signal.

## FRED HILL BACK FROM LONG TRIP

Glendale Man and Wife Take  
Five Months' Tour and  
Visit Many Places

(Continued From Page 5)

where Mr. Hill renewed acquaintances with many El Pasoans he met while working for the government on the construction of Elephant Butte dam, one of the largest irrigation projects in the southwest.

Start Northward  
After looking over the rich valley lands along the Rio Grande, and "doing" Juarez, northernmost port of Mexico, across the river from El Paso, Mr. and Mrs. Hill started northward through New Mexico and Colorado. At Pueblo, Colorado they visited the big steel mills which give to that city the name of the "Pittsburgh of the West."

Forty-five miles north of Pueblo they stopped at Colorado Springs, "in the shadow of Pike's Peak," and spent a week looking over the scenic wonders of the Rockies to be found in the Pike's Peak region. Mr. Hill drove his car almost to the summit of Pike's Peak, but was prevented from making the entire drive on account of the heavy snow banks which had not melted away when they were there, the middle of June.

One of the wonders Mr. and Mrs. Hill witnessed on Pike's Peak was a ski tournament, which attracted sking stars from all parts of the world. The tournament was staged June 8, and plenty of snow was on hand for those who cared to take their lives in hand by scooting rapidly down the side of the mountains on skis.

Visit Yellowstone  
From Colorado Springs they drove 75 miles north to Denver, later continuing their northward journey to Laramie, Wyo. Instead of following the usual route into Yellowstone park, Mr. and Mrs. Hill chose the route which took them through the famous Jackson Hole country of Wyoming, the rendezvous of cattle rustlers in earlier days.

"It was in the Jackson Hole country that we saw some of the most wonderful scenery on the entire trip," Mr. Hill said. "It can't be described, but anyone driving to Yellowstone from the south should leave the beaten trail and follow the route we took. The road is good, and the scenery is unsurpassed."

After seeing all the sights in Yellowstone and visiting the geysers, Mr. and Mrs. Hill left the park on the west side, their route taking them to Butte, Mont. Traversing Montana and Idaho, they entered Washington and drove to Spokane, where they spent several days.

Drive to Vancouver  
Spokane and Seattle, according to Mr. Hill, extend to all tourists the greatest courtesies to be found anywhere in the United States. From these cities they drove to Vancouver, after circling around Cour d'Alene lake, a beauty spot in a rugged setting.

Many scenic points of interest around Vancouver were visited by Mr. and Mrs. Hill before they started southward again, stopping at Portland. The scenic Columbia River highway was followed out of Portland to Mt. Hood before coming back to California.

A stop of several days was made at Clear Lake in Lake county, where Mr. and Mrs. Hill enjoyed some fishing. Then the route took them to Oakland and San Francisco and down the coast route to Santa Cruz, where they stayed two weeks. The return to Glendale was made on the coast route by way of Santa Barbara, San Luis Obispo and other cities.

Camped On Trip  
Very few nights were spent in hotels, Mr. Hill said. Indoor shelter was sought only on stormy or rainy nights, he said, and on many nights they slept under the stars. Mr. Hill conducted a garage at 126 South Orange street for eight years and is well known among the motoring public of Glendale and vicinity.

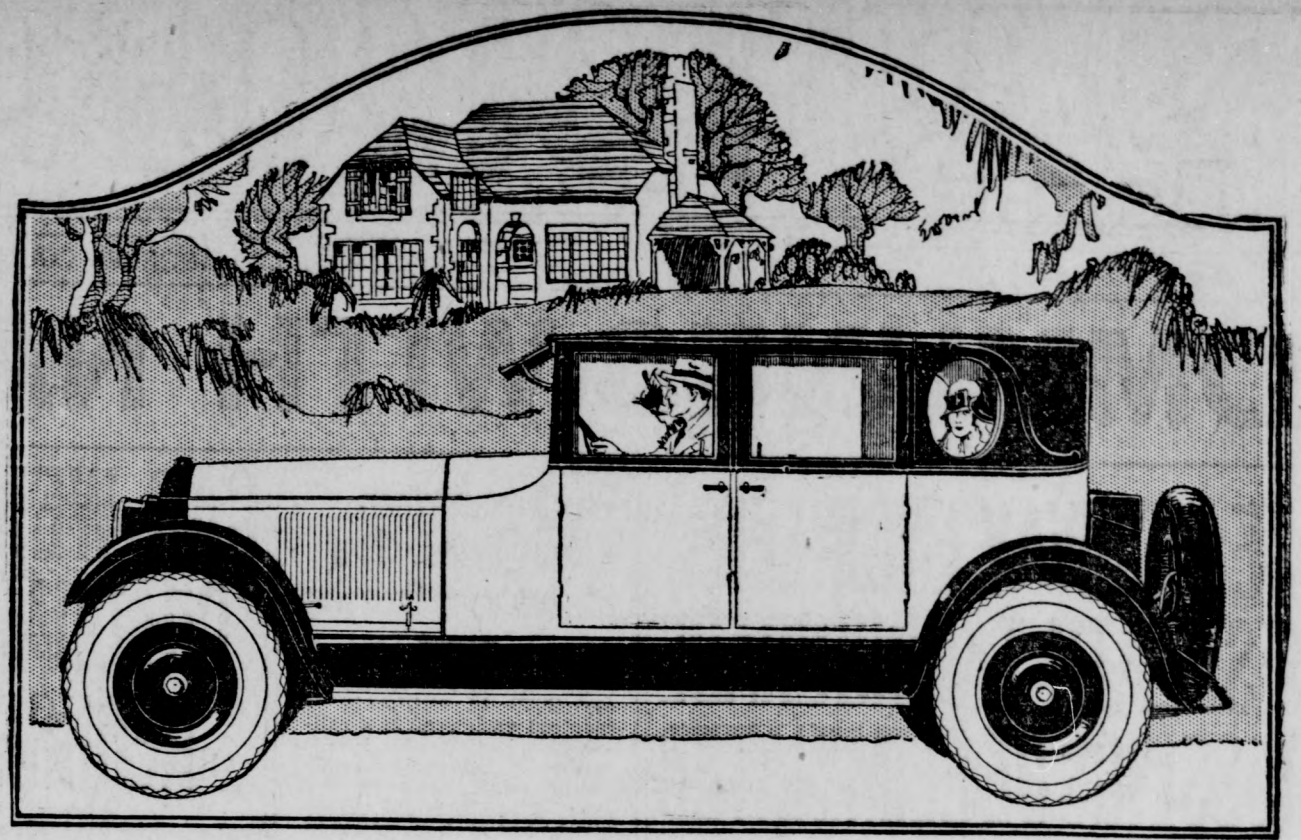

## MISSIONARY BUYS CHEVROLET AUTO

Service and Supplies Await  
Pastor In India When  
He Resumes Work

From Glendale to India is a far cry, but that is where Rev. J. N. Bierma, a missionary connected with the American Christian Missionary association, plans to take a Chevrolet car as soon as his furlough is over. Mr. Bierma, who is an accomplished linguist and who speaks and writes many Indian languages and dialects fluently, has bought a Chevrolet from the C. L. Smith agency and will use it in his work when he returns to the mission field.

The question of supplies and parts in that distant country threatened to prove an obstacle to the sale until W. H. Smith, the general manager, proved to him that the Chevrolet has depots all over the world where he can secure parts and service on just as complete a scale as he can right here in the United States, where the car is made; in fact, he will be able to have every possible service right in his own territory.

"No matter where you go," says Harry Smith, "the Chevrolet organization stands ready to back up the owners of its cars and to give them every advantage that they could secure in America."

## Three Facts That Prove Paige Amazing Brougham Value

This big, powerful, enclosed Paige sells for hundreds less than several smaller, less powerful, enclosed cars! These smaller, less able closed cars cost: \$2285—\$2385—\$2495—\$2850. You drive the big, smart, powerful Paige Brougham for only \$2175!

Here are open model prices of cars equaling Paige in power and size: \$2675—\$2750—\$2895—\$3085—and up. Paige equals or surpasses them in size and power. Yet the Paige Brougham costs many hundreds of dollars less than these open cars!

Closed models of cars the equal of Paige in size and power, average 34% more in price than their open models. Closed models of smaller, cheaper cars average 38%. Paige offers fine car enclosed comfort for only \$280 more than the open Paige—14%!

Compare this Paige with cheaper or more expensive cars—you can't escape the facts. Paige closed car value is unmatched! This fine, big, powerful Paige 4-Door Brougham—for only \$2175! Smartly finished in ebony and maroon. Fine-grain leather finish on upper rear. Gray mohair upholstery.

Just think of the great power, thrilling performance, ideal comfort this Paige offers. Paige's big motor has 70 h. p.—more than ample for climbing steep hills in high where others stall or shift; slow going in high over bad stretches; speed for emergencies; pulling away first in traffic. Yes, do all these things—and do them without ever straining the big Paige motor.

How comfortable is Paige! You'll laugh at roads that stopped you before. Paige's rear springs more than 5 feet long, snubbers, 131-inch wheelbase, staunch weight—all combine to give you comfort that's unbeatable!

All this marvelous power, performance and comfort—in the smartest enclosed car on the street—for only \$2175!

Come in. See this stunning enclosed Paige. Note the long wheelbase and long springs. The big motor. The grace of lines. The fineness of finish. Drive it. Mark the ease of control, riding comfort, exhilarating performance. Just figure how many hundreds of dollars more you must pay to match Paige! Why pay it?

-his opinion of the

# Chrysler

Harry A. Miller

(photo facsimile of letter)

MILLER ENGINE WORKS  
HARRY A. MILLER  
808 LONG BEACH AVENUE  
LOS ANGELES

August 1, 1924.

Greer-Robbins Company,  
1144 South Flower Street,  
Los Angeles, California.

Gentlemen:

I cannot resist the impulse to write to you about my recent visit to the mammoth factories in Detroit where the Chrysler six-cylinder cars are manufactured and to tell you of my enthusiastically favorable impressions.

The Chrysler factory is the most modern manufacturing establishment I have ever visited. Everything is done with the very latest type of machinery. Practically everything that goes into the Chrysler car is made in the Chrysler factory. While castings are made outside the plant, all the machining is done in the Chrysler plant with a degree of care and accuracy that was truly amazing to me.

Tests are being made constantly on improvements and new engineering ideas. For instance, every so often a motor is taken at random from stock and placed on the dynamometer as well as being subjected to other exacting tests. A staff of experts does nothing but this kind of work.

The hollow 7-bearing crankshaft of the Chrysler car is balanced under every known test before it is placed in the motor. The same procedure is followed in balancing other reciprocating parts.

The significance of this vitally important balancing is in its elimination of friction and vibration. This was brought home to me most forcefully when I took hold of the flywheel of a motor just being built and spun it easily with one finger. The pistons and connecting rods were attached to the shaft and everything but the tappets were in place. This is the only stock motor that I ever was able to turn over with such an extremely light effort.

The bearings in the Chrysler car are fitted like those in a race car. Instead of tightening them up and allowing them to wear in, they are fitted perfectly and are run in a film of oil. Lubrication of all other parts is by forced feed.

This principle of construction absolutely does away with the old method of "breaking in" a motor by running it for 1,000 miles or more at slow speeds. I am convinced after seeing how carefully the Chrysler car is built that it can be taken right off the showroom floor and stepped up to 40 miles an hour and maintained at that speed without the slightest possibility of injury to the motor.

Such performance is due entirely, in my opinion, to the fact that each Chrysler is so exactly built.

Quick acceleration, volume of power and fuel economy attain remarkable heights in the Chrysler car, resultant of its type of motor that incorporates light reciprocating parts, small bore and stroke, all of which have their origin in lessons learned in building and racing cars on the speedways. The Chrysler motor has a piston displacement of only 201.45 cubic inches, yet it develops 70 horsepower.

Very sincerely yours,

Harry A. Miller

## DODGE BROTHERS TYPE-B SEDAN

A woman will usually admire one thing about a car and a man another, but there is one feature of the new Type-B Sedan which both admire equally and emphatically—its exceptional driving ease.

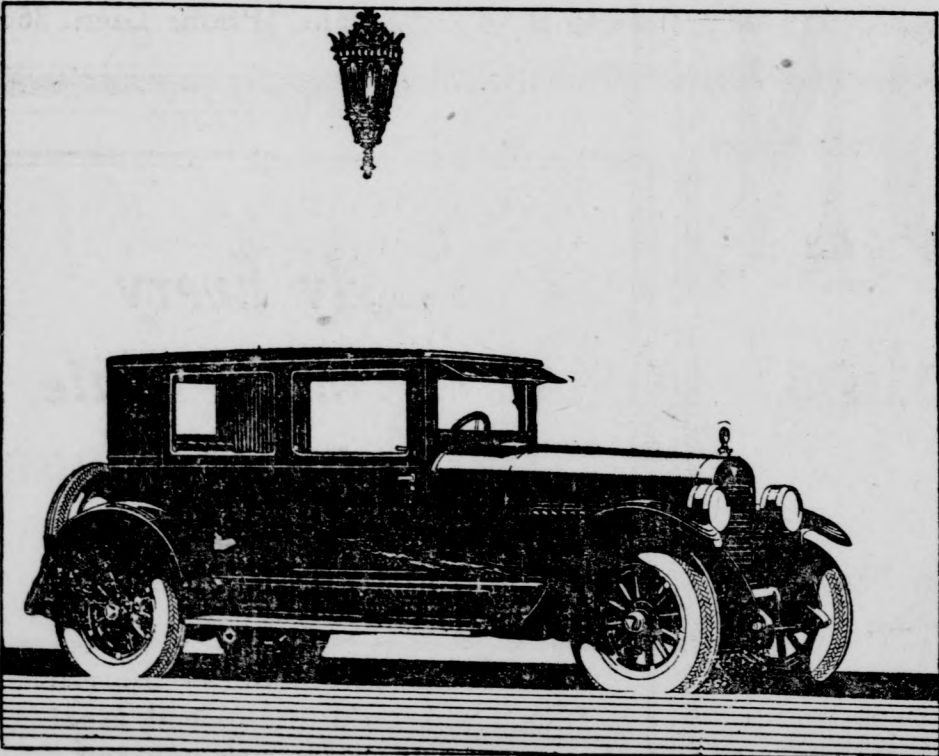

This is due to a combination of several important improvements—a roomier front compartment; a readier clutch response; a new steering wheel that offers a trim, firm grip; and control levers that are ideally accessible, yet conveniently out of the way of robes and luggage.

## The Improved COACH on the HUDSON Super-Six

### For the First Time in History Closed Car Comforts at EXACTLY Open Car Cost

This Hudson Coach makes history. It is the first closed car ever to sell at exactly open car cost.

And Hudson, alone, can build it. As the largest producer of 6-cylinder closed cars in the world, Hudson exclusively holds the advantages to create this car and this price.

#### Greatest of All Hudson Achievements

And now full size balloon tires are standard steering, most comfortable and steadiest equipment. Do not confuse with "semi-balloon" types. Hudson's are genuine, full size balloon tires—33"x6.20". Compare the difference.

Hudson has not simply "added balloon tires." Both running and steering gear have been especially designed to compensate for the radical differences balloon tires bring.

The result is the easiest

**Full Size,  
Genuine Balloon  
Tires**

**The Easiest Steering and  
Riding Hudson Ever Built**

**\$1500**

Freight and Tax Extra

More than ever, "Closed Car Comforts at Open Car Cost" is the uppermost buying issue. Note how fast the Coach is displacing open cars.

As the wanted type the Coach maintains the highest resale value against the waning desirability of the open car.

## Auto Industry Reveals Undreamed Of Advance In Development, Claim

"This year, 1925, will probably mark the most amazing development of the automotive industry since the automobile was invented," says Chas. McDaniel, Nash dealer, 1234 South Brand boulevard.

"This is not alone in point of volume, which remains yet to be revealed, but car refinement and improvement already reflected in 1925 models mark this period as one in which designers and manufacturers have made definite and outstanding betterments in something that has seemed too good to be further improved.

"Car dealers have a new and added responsibility. They also must become more modern to measure fully up to the standard of serviceability set by the super-cars of 1925."

### MOON ROADSTER PROVES POPULAR

Carries Five Passengers In Comfort; Dealer Lauds Car's Appearance

The new Moon roadster that seats five, introduced for the first time recently in Southern California, has made a widespread hit with the motoring public, according to J. W. Frazier, sales manager of Penn Motor Co., 510 East Broadway, local Moon dealers.

"I am not surprised that this superlatively modern Moon has caught the popular fancy.

"It is the most complete motor car for its size and price I have ever seen.

"It was conceived and built by Moon engineers with the idea of meeting the desire of the motorists of 1925, rather than satisfying the ideas still held by some of what a car ought to be, based on last year's patterns.

"It comes in two sets of color combinations, the distinctive Moon blue with black trimmings, and a new two-tone tan creation that puts it in the front row for looks with the best of them.

"The front seat is both wide, deep cushioned and high backed, the most comfortable car you ever tried. The rear cockpit for two is roomy and close enough to the front to allow everybody to be clubby while riding."

### BUYERS TURN TO 4-CYLINDER CAR

Hupp Dealer Shows Trend to Smaller Engine Among Many Purchasers

The trend toward the four-cylinder car is making itself manifest today in the ranks of motorists to a degree never before experienced, according to H. V. White, local manager for H. W. Swanson, 111 West Harvard street, Huppmobile and Jordan dealers, who declares that in the years he has been connected with the automotive industry he has never known so many cases where owners of six-cylinder cars are buying the new Hupp.

"Automobile buyers," he says, "are realizing that it is mileage with the least cost that they are buying, and that explains the unusual trend back to the four-cylinder car. Since the Huppmobile's entrance into the field in 1909 the firm has built only four-cylinder cars, and they have never yet built a model that it was necessary to discontinue because of its being mechanically wrong.

"Since the opening of this agency six weeks ago our greatest difficulty has been to get enough Hupps to meet the demand, a condition that still prevails, but we hope soon to be able to supply all of our Glendale friends with the Hupp in all models."

### BLAZE CANADIAN TRAIL TO COAST

American Highway Officials Aiding Government In Big Road Project

Keen interest is being shown by the Canadian government in an effort of the Lincoln Highway association in arousing national sentiment for a coast-to-coast Canadian highway, says W. H. Daniel of the Dixie Motor Co., 1129 South Brand boulevard, Packard dealer.

A. F. Bement, vice president and secretary of the Lincoln Highway association, and E. S. Evans, one of the founders of the association, are attempting now to blaze a trail through the heretofore considered impassable fastness of the Canadian Rockies.

In the official car of the Lincoln Highway association, a Packard Six, Bement and Evans left Winnipeg, August 20. They were given an official start from Government House by Premier John Bracken.

The Canadian Pacific railroad has extended the pioneers the privilege of traveling along the tracks of the railway from Princeton west if the car cannot be forced through the roadless, rocky wilderness in any other manner.

"There is probably no single object among all the interesting and attractive things in the world today that draws so much constant interest as the automobile."

"Everybody is interested in cars. People who don't own one often know as much about them as old and seasoned motorists.

"And you would be surprised at the manner in which these non-owners keep posted on car models and specifications.

**Invite Inspection**  
"We cordially invite people to drop in at any time and look over our line of Nash automobiles. Many of them already have learned that here is a place where they can look and ask questions to their hearts' content, without being pestered to buy anything.

"There is no need to urge anybody to buy a car. For everybody wants one. And all these folks who go visiting around today are conscious of the fact that some day they will own an automobile. They are very wisely learning all they can about them now, and when they get ready to purchase, they will know just what they want."

### INDUSTRY MAKES VARIED CHANGES

Engineering Forces Always Endeavoring to Better Factory Production

(Continued From Page 5)

cost to the rate of \$1 for every additional pound put into them. Whether the ratio has changed in recent days or not, weight, or elimination of it, is still a prime consideration. A car invented in the east which has a wheelbase of only sixty-five inches and weighs less than 1000 pounds, is receiving a lot of quiet attention on the part of prominent engineers. The engine is placed near the rear axle and some who have viewed it declare it a kind of cross between a motorcycle and a Ford. Others see in it a possible solution of traffic congestion in the cities.

They point out that its short wheelbase would add materially to road capacity for vehicles, that it would occupy much less parking space than the ordinary car, and that it could be readily maneuvered in heavy traffic.

**Traffic Congestion**

Some manufacturers freely admit that the congestion of traffic has had a material effect on their sales of passenger automobiles. Many business men, they say, have become accustomed to riding on busses instead of driving their own cars from their homes to their offices. Owners who have given up their cars and rely entirely on commercial vehicles are extremely rare, but abandonment of the daily drive to their offices by a large number of owners has had a tendency to prolong the lives of the old cars and postpone purchases of new models longer than in the past.

The lighter vehicles, with which engineers now are experimenting, undoubtedly will cut gasoline and oil consumption for the owner, and it is hoped will conduce to

greater safety and freedom from accidents. Safety of operation is being given concentrated attention by city, county and state officials in many localities at present. They have recognized that it is impossible to avoid congestion if an extremely low rate of speed is maintained, but that a car can be safely operated at a fairly high rate of speed if the brakes are effective and the drivers competent.

**Conducting Campaign**

Motorists around Philadelphia and in Westchester county, New York, are being stopped by officials unless they can show a certificate that their brakes have been tested and are not defective. New York state is conducting a campaign to eliminate incompetent drivers by strict enforcement of the requirements for a license. The federal government now is conducting investigations to determine what effect illiteracy and inability of foreign-born residents to speak and read English have on motor accidents. Traffic courts are co-operating in furnishing data for these investigations.

A movement has been started to make it impossible for those who for any reason have been deprived of a driver's license in one state to obtain such licenses in another state. It is hoped to accomplish this through a national association of heads of state highway departments which will act as a sort of clearing house for notices of infractions of the traffic laws which have resulted in cancellation of licenses, and distribute descriptions, photographs and fingerprints of drivers whose licenses have been taken from them.

Your kind  
of a  
closed car—  
this True Blue  
Sedan

THE True Blue Oakland Sedan is built for people who know that the kind of a closed car they want cannot be built to sell at an open-car price.

It is built for those clear-thinking men and women who look straight through a "closed-car" label to the body that carries the label.

For people who want a car built to definite ideals of quality without any compromises.

This Sedan has style—sparkling, heart-warming, captivating style. It has a body structurally identical with the closed bodies of cars in the three thousand dollar class.

All Oakland bodies, closed or open, are built by Fisher to the same uncompromising standard of excellence.

This body is finished in Duco from top to bottom—a beautiful lustrous finish that will stay that way.

It has the new Fisher one-piece ventilating windshield—a life saver on suffocating days—rain proof in a cloudburst!

It has all the True Blue Oakland features of motor car enjoyment—a year in advance of its field in precision of manufacture, in performance, and in riding and driving comforts.

See it—ride in it—compare its performance—look at the workmanship. Oakland has built you your kind of a closed car—and is selling it at a very modest price.

## OAKLAND ADOPTS NEW WINDSHIELD

One-Piece Type Slides In  
Channels In Same Way  
As Windows

The Oakland Motor Car company has just adopted a new one-piece windshield for its four closed models—undoubtedly the most revolutionary advancement in windshield construction since the early days of the automobile industry when motorists used rubber aprons over their laps, points out John Neuschaefer, 420 East Colorado street, local agent.

The new windshield does not tip to give ventilation, but slides upwards in felt-lined channels, much in the same manner as the side windows of the closed body type of motor car. It is easily and mechanically operated by a crank located above the shield and does not rattle. All the new windshields are fitted with automatic windshield cleaners.

Because this type of windshield has no rubber strip nor parting bar to confuse the vision and strain the eyes, it adds to the comfort of driving. Those who have already driven behind it marvel at the greater visibility afforded, which makes for both comfort and safer driving.

The windshield is water-tight and practically air-tight; easily operated and easily cleaned; besides adding to the clean-cut appearance of the car.

## HAPPY MEDIUM IN TIRES IS FOUND

Buick Adopts Low Pressure  
Type for All Models  
Of 1925 Line

The low pressure tires, that are standard equipment on the standard six and master six Buick models, were adopted for the 1925 line only after tests similar to those that preceded the adoption of the four-wheel brakes, says Ray L. Galvin, sales manager of Tanner & Hall, 622 South Brand boulevard, Buick dealers.

"The advantages of the low pressure tire," he claims, "are that it gives longer tire mileage, its absorption of small road shocks adds to riding quality and the life of the car, they improve the appearance of the car, they give increased traction, especially through heavy sand or over soft ground, and they afford greater safety in driving on wet pavements and loose gravel."

"The Buick company developed this tire, which has all the good wearing qualities of the high pressure tire and none of the disadvantages of the full balloon, such as the bouncing effects and frequent punctures and blowouts."

Tanner & Hall report that the sales on the new models are far beyond their expectations when they were first received, even when they were banking on the popularity of the Buick under any and all conditions.

## PAIGE BROUGHAM WINS POPULARITY

Finish and Riding Comfort  
Enhance Pleasure of  
Machine's Owner

The powerful Paige brougham, which has just recently been brought out on the market, is proving to be unusually popular with many Southern California motorists. It is finished in ebony and maroon, fine grain leather finish on the upper rear, gray mohair upholstery. Seventy horsepower motor develops great speed and power for hill climbing, and it has plenty for any emergency.

Another feature of the new Paige is comfort. Its rear springs are over five feet long, snubber, 131-inch wheelbase, staunch weight; everything combined to give real riding comfort.

The price of the Paige is a great feature this year, as Paige offers closed cars at only 14 per cent more cost than the open cars, says Ralph B. Bliss, 219 West Colorado street, local dealer.

## CANADIAN TESTS CHRYSLER MERIT

Trip of 2125 Miles Is Made  
With 84 Gallons of  
Gas for Journey

Buying a car for its good looks and winning up by becoming a devoted admirer of its performing qualities is the experience of R. J. McCauley of Calgary, Alberta, Can., who arrived in Glendale last week after a drive of 2125 miles in his new Chrysler roadster.

Writing to Lyman P. Clark, of the Glendale Motor Car company, 124 West Colorado street, Chrysler and Maxwell dealers, Mr. McCauley says that his running time was 62 hours on the trip from Calgary to Glendale, and that he made the entire distance with an absolute freedom from trouble that was a revelation to him in his motoring experience.

On the trip the car averaged

25½ miles to the gallon, using 84 gallons on the entire trip; the car used five quarts of oil, and no water was added from the moment he left Calgary to start south. Over one stretch of country, where the mercury stood at 115 degrees, he ran between 40 and 50 miles an hour for five hours, and there was no sign of heating on that distance.

The prices prevailing here and in Canada, however, gave him ground for comparison. The Chrysler roadster that he paid \$2625 for in Canada, with its 50 per cent duty, sells here for News Want Ads Bring Results.

## GUARANTEE WORK AT SLOAN PLANT

Customer's Satisfaction Is  
Keystone of Policy at  
Overland Agency

The absolute satisfaction of every customer is the policy that is making more and more friends every day for B. W. Sloan, Inc., 905 South Brand boulevard, Glendale distributors of Willys-Knight and Overland cars, according to B. W. Sloan, the head of the firm, and the result of the adherence to this policy, he says, is shown in the steady increase in the volume of business done by the agency, both in the sales and the service department.

In the latter department especially, Mr. Sloan claims, only the most expert mechanics are employed, and the work they turn out is of a standard that the firm can guarantee to the customer, thus insuring his friendship through the merit of the service rendered. Time is another important element in the Sloan service department, and every job is turned out without any loss of time and with every effort being made to keep to the time set by the shop when the job is brought in.

Since the firm's removal to its new quarters increase in business is reported by Mr. Sloan who finds that the present location is a most strategic one and one that offers improved facilities to the motorist.

**School Traffic Laws Effective Sept. 8th**

LOS ANGELES, Sept. 4.—Effective Monday, September 8, the revised city ordinance relative to motorists passing school zones provides that it will not be necessary for traffic to stop unless pedestrians are in the act of crossing the road. The pedestrians have the absolute right of way between the new yellow lines which are being painted this week. One hundred feet back of the zones signs on the pavement will announce "school crossing." When a traffic officer is on duty at a school crossing the traffic will be directed by the officer, and not controlled by the yellow lines.

## ASTHMA

If you suffer from choking, wheezing, gasping, and sleepless nights, I am so positive that I can stop it that I will send you absolutely free the FLORENCE TREATMENT. When your Asthma is stopped you can repay the favor by telling other sufferers. Just send your name for free treatment. No obligation. F. H. Shearer, 1019 Coca Cola Building, Kansas City, Mo.

### CITY PRINTING

#### NOTICE OF PUBLIC WORKS

PUBLIC NOTICE IS HEREBY GIVEN, that the Council of the City of Glendale, on the 21st day of August, 1924, did at its meeting on that day adopt Resolution of Intention No. 2555 to order the following improvement to be made on a portion of Columbus Avenue in the City of Glendale:

That the public interest and convenience require and it is the intention of the Council of the City of Glendale to close up, vacate and abandon for Street purposes a portion of

COLUMBUS AVENUE, More particularly described as follows, to-wit: Beginning at the northeasterly corner of Lot 1, Isabella Tract, as per map recorded in Book 11, page 91 of Maps, Records of Los Angeles County, California; thence westerly along the northerly line of said Lot 1 to the southeasterly corner of Lot 1, J. W. Miller's Replat, as per map recorded in Book 10, page 35 of Maps, Records of said Los Angeles County; thence northerly along the easterly line of said last mentioned Lot 1, forty-two (42) feet to a

### CITY PRINTING

point; thence southeasterly in a direct line to the point of beginning. The district to be assessed to pay the damages, costs and expenses for said improvement is described in and reference is hereby made to Resolution of Intention No. 2555 for further particulars of said work. BEN F. DUPUY, Street Superintendent of the City of Glendale. Aug 25-26-27-28-29-30 Sep 1-2-3-4

#### ORDINANCE NO. 983

AN ORDINANCE OF THE CITY OF GLENDALE ORDERING THE WIDENING OF TYLER STREET IN SAID CITY. BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1: That the public interest and convenience require and the Council of the City of Glendale hereby orders the following improvement to be made, to-wit: That Tyler Street be widened from the northerly line and its easterly extension of Palmer Avenue to the westerly extension of the center line of Max Street, all in the City of Glendale, in the manner contemplated by Ordinance of Intention No. 968 of said City adopted and approved on the 17th day of July, 1924, to which said ordinance reference is hereby made for all particulars regarding said improvement.

### CITY PRINTING

SECTION 2: The City Attorney is hereby directed to bring an action in the name of the City of Glendale in the Superior Court of the State of California, in and for the County of Los Angeles, for the condemnation of the property described in the ordinance hereinbefore referred to and necessary and convenient to be taken for the improvement thereon, and thereafter the same shall be in full force and effect.

SECTION 3: The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Glendale Evening News, the official newspaper of said City, and thereupon and thereafter the same shall be in full force and effect. Adopted and approved this 2nd day of September, 1924. SPENCER ROBINSON, Mayor of the City of Glendale.

### CITY PRINTING

ATTEST: A. J. VAN WIE, City Clerk of the City of Glendale. STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, SS I, A. J. Van Wie, City Clerk of the City of Glendale, do hereby certify that the foregoing ordinance was duly adopted by the Council of the City of Glendale, State of California, and signed by the Mayor at a regular meeting thereof held on the 2nd day of September, 1924, and that the same was passed by the following vote, to-wit: AYES: Davis, Gilhuly, Hall, Kimball, Robinson. NOES: None. ABSENT: None. A. J. VAN WIE, City Clerk of the City of Glendale. Sept. 4, 1924.

NOTICE OF ANNUAL MEETING Office of the Glendale Masonic Building Association, The Temple, 232 South Brand boulevard, Glendale, California. To the Stockholders of the Glendale Masonic Building Association: Please take notice that the regular annual meeting of stockholders

and election of directors of the Glendale Masonic Building Association will be held at the Temple, 232 South Brand boulevard, City of Glendale, County of Los Angeles, State of California, on Tuesday, the 7th day of October, 1924, at 6:30 p. m., for the purpose of electing directors of said corporation for the ensuing year, and for the transaction of such other business as may properly come before the meeting.

E. J. SADLER, Secretary. Sept. 4-11.

**Asks Permission to Abandon Small Line**

BOSTON, Sept. 4.—The Boston & Maine railroad has applied for authority to abandon the Nashua & Acton railroad, a twenty-two-mile branch line. Railroad executives say traffic along the line has "dried up."

**Canadian Ford Plant To Reopen on Sept. 8**

DETROIT, Sept. 4.—The Ford Motor Company of Canada will not re-open until September 8, using the opportunity presented by the short week to accumulate a larger bank of orders. The plant has been running four days a week.

**Reo Production Shows Increase, Sales Gain**

LANSING, Mich., Sept. 4.—The Reo Motor company now is producing 2000 cars and trucks a month, employing 4200 men two-thirds time. Sales have been on the increase.

**E. F. Heisser, Genl. Mgr.**

# Woman's Page

## Diet And Health

By LULU HUNT PETERS, M. D.

### ANSWERS TO CORRESPONDENTS

#### DANDRUFF

Reader—No, it will not be harmful to rub pure alcohol (be sure it's not wood alcohol) on the scalp once or twice a week. It acts as a germicide, a germ killer, and probably would help dandruff. We have an article on dandruff, graying hair and baldness which you may have and which will give you other remedies for hair difficulties.

Mrs. F.—It is possible that the trouble with your skin means that you are suffering from acidosis or auto-intoxication, or both from your under-nourishment. Please send for our pamphlet on gaining and enclose s. a. s. e. and 10 cents in stamps with your request. Yes, cod liver oil and milk will be very beneficial for you and yeast will be good if you can't get the vitamin B. (the anti-neuritic vitamin) in a lot of fresh green vegetables and fruits. However, it is best for you to get the vegetables and fruits.

Rest a lot, sleep as much as you can and eat, and eat, and eat. Drink a quart of milk a day. Eat whole-grain breads and cereals, nuts and egg yolks. You can take the yolk of an egg in one-half glass of orange juice or milk after each meal. You will have to know something about calories, so send for our instructions.

#### REDUCING CORSETS

H.—At 33 years of age, I fear there is no way that you can make yourself taller. That rubber corset that you inquire about is undoubtedly a good, comfortable corset; but I don't believe that any corset of any type will reduce you without dieting and exercising. Prolonged pressure does undoubtedly inhibit fat forming to some extent. Those who go with corsets soon find that they are spreading a little. Inasmuch as it would prevent this looseness, it will help to keep you down.

#### TWILIGHT SLEEP

"Dear Doctor Lulu—Am enclosing s. a. s. e. for the pamphlet on Reducing and Gaining. My sister reduced thirty pounds. She is now normal weight and all her foot troubles are gone, also her enormous capacity for food. She says she eats all she wants and eats between meals if she is hungry, but doesn't gain. She is simply hasn't the capacity for more than she needs. It has been about six months since she began. "But what I want to know is what you think of Twilight Sleep for confinement cases? I had it when my baby came and thought it O. K., but since then, I have been 'hearing things.' Is it safe? Are there any bad effects? You

say that in a year or so there will be a new and safe way; but I may have occasion to decide before then between twilight sleep and nothing. Please help me to decide.—Mrs. F."

Your sister experiences one of the happy results of getting down to normal, which means that you can eat all you want without apparently gaining. Of course, one does lose the "enormous capacity" for food, as your sister did. If one doesn't get down to normal, it seems as though the weight runs right up again.

Twilight sleep has been very successfully used in the hands of some physicians. The danger is that occasionally there is a slight degree of asphyxiation in the baby. The Lying-In Hospital of New York has discarded the method, but other institutions apparently use it with good results.

#### W. C. T. U. Meeting

The W. C. T. U. meeting will be held tomorrow, Friday, September 5, at the home of Mrs. A. K. Crawford, 301 North Cedar street, at 2 o'clock, it is announced. The topic of the afternoon will be "Temperance and Missions." A cordial invitation is extended to all members of the missionary societies of the various churches to attend.

W. Renshaw Hunt of Los Angeles, for thirty years a missionary in China, will speak.

#### Hear Mrs. McNutt

Mrs. P. S. McNutt will be the speaker at the meeting of the Women's Parliamentary Law club on Friday morning, September 5. The meeting will convene at 10 o'clock in the music room at the Harvard Street high school. Mrs. McNutt, who is an authority on parliamentary law and is one of the state's best parliamentarians, will give an interesting and instructive talk. All members of the club and other Glendale women interested in Parliamentary law are extended a cordial invitation to attend.

#### Present Pageant

Central Christian church women met yesterday afternoon to enjoy a pageant, presented by the "Ada Scott" division with Mrs. H. A. Lathrop and Mrs. George Staub in charge. The pageant was entitled "The Foundation Is Laid, Let Us Build."

A violin selection was played by Connor Cole, accompanied by his mother, Mrs. C. A. Cole, and Mrs. J. M. Ray gave two vocal numbers. Letters were read from the church. William and Grace Learned in Africa, and Miss Stella Tremaine in China.

## Social : Clubs

Edited by KATHERINE V. SINKS

### Wedding at Home

Miss Anna May Johnson, daughter of Mr. and Mrs. Thomas J. Johnson of Plainview, Texas, and Guy W. Rasor of 364 West Broadway were married last night, September 3, 1924, at 6 o'clock, at the home of the bride's uncle and aunt, Mr. and Mrs. J. D. Johnson of 1213 East Colorado street.

Rev. G. Nelson Hobson of 433 North Jackson street, was the officiant. Only a few intimate relatives and friends of the bridal couple were in attendance at the ceremony.

Mrs. Rasor came to Glendale about eight months ago from Plainview, Texas, for an extended visit with her uncle and aunt. Mr. Rasor has been a resident of Glendale for a number of years and has been associated with Cornwell & Kelly, hardware dealers, for the past three years and a half.

Immediately after the wedding ceremony an informal reception was held when Mr. and Mrs. Rasor received the congratulations and best wishes of their friends and relatives. Later they left by motor for a wedding trip to San Francisco. Upon their return they will make their home at 160 South Pacific avenue.

### Mah Jongg Party

Mr. and Mrs. Bion S. Warner of 345 Chester street were hosts one evening recently at a clever Mah Jongg party. Their guests were a group of Glendale and Los Angeles friends. Included in the company was Mrs. Warner's sister, Miss Helen Walker of Santa Ana. Orange and Chinese blue were the colors combined by Mrs. Warner into an artistic Oriental color scheme. Refreshments were served on paper plates, cleverly decorated with Chinese characters by the hostess. The cakes served were in the form of the small oblong pieces used to play Mah Jongg. The white icing was decorated with Mah Jongg symbols.

Mrs. Harry Brown of Los Angeles won first prize, while Charles Wild of Los Angeles was awarded the consolation prize.

Mr. and Mrs. James Armstrong were the only guests from Glendale.

### Friendship Class

The Friendship class of the First Congregational church will hold a business and social meeting in the parlors of the church on Saturday afternoon, September 6, at 2:30 o'clock. Members of the executive board will act as hostesses. The board includes Mesdames M. Carman, Kenneth Payne, F. A. Nichols, E. S. Davis, M. Hoblit and Miss Cheselery. All members and friends of the class are extended a cordial invitation to attend.

### Farewell Honor

Mrs. J. A. Bolton presided over a delightful informal social affair yesterday afternoon at her home, 614 East Lexington drive when she entertained with a farewell party for Mrs. H. D. Fortier, former curator of the Literature department of the Tuesday Afternoon club. Mrs. Fortier expects to soon leave for Boston, Mass., where she will make her permanent home. All the guests were members of the Literature department. The afternoon was devoted to an informal social time and later dainty refreshments were enjoyed.

Those present included the honor guest, Mrs. H. D. Fortier, and Mesdames R. W. Bolton, newly elected curator of the department; C. J. Higgins, F. L. Holmstrom, Vernal Rapp, H. S. Garlinghouse, E. H. Boone, L. E. Bennett, George H. Rowe.

### Wedding Tuesday

Invitations have been issued by Mr. and Mrs. Henry Harrison Godber of North El Molino avenue, Pasadena, for the marriage of their daughter, Miss Ellen Adair Godber, and Raymond Irving Brahmans, son of Mr. and Mrs. A. R. Brahmans of Los Angeles.

The nuptials will be solemnized in the Pasadena Presbyterian church, Tuesday night, September 16, 1924, at 8 o'clock.

Mr. Brahmans has been conducting a community Sunday school and church in the Grand View schoolhouse, Glendale, for the past several months. In connection with his work here, he has made many friends in Glendale and vicinity.

After October 1, the young people will make their home in Princeton, N. J., where Mr. Brahmans is attending the Theological Seminary, from which he expects to graduate next spring.

### Fifth Birthday

A jolly birthday party Tuesday at the T. O. Smith home at 1123 North Central avenue, celebrated the fifth birthday of Inez Smith. Pink was the dainty color used by Mrs. Smith in decorating the birthday table. The cakes had five pink candles.

The little girls invited to the party were Caroline Wynn, Winifred Orr, Rose Louise Orr, Virginia Whittingham, Betty Barr, Betty Thume, Laura Jean Robinson. For the games played prizes were won by Caroline Wynn and Betty Barr.

### Guests at Inn

Members of the Wednesday Bridge club were entertained yesterday by Mrs. Herron of Hollywood with a delicious three-course luncheon at the Alley Inn and an afternoon of bridge. Luncheon was served in the blue room at 1 o'clock and was followed by bridge, at which Mrs. F. W. Baum was awarded first prize and Mrs. Herron second.

The guests of the club included Miss Anna C. Benneman, Mesdames L. W. Russell, G. O. Russell and the members present included Mesdames J. E. McClellan, G. H. Bigelow, C. Young, L. C. Wolfe, T. J. Keleher, F. Clark, F. W. Banham and Miss Eva Brehme of Glendale. Next Wednesday Mrs. W. H. Jones of 312 West Vine street will be the hostess.

## Personal Notes

Phone Personals to Social Department, Glendale 4000.

Mrs. E. W. Schullian of 434 West Patterson avenue, left today for a month's visit in Council Bluffs, Iowa.

Mr. and Mrs. W. J. Barnes of 559 Palm drive have moved to 635 Palm drive.

Robert Van Gilse has moved from 1827 East Vassar street to 327 West Stocker street.

Mrs. Irene A. Miller recently moved from 327 West Stocker street to 611 West Elk street.

Mrs. C. Ast of Green Bay, Wis., is in Glendale to spend two months with her daughter, Mrs. Robert Godar of 1133 Lomita court.

Mr. and Mrs. A. W. Bather of 367 West Broadway have returned from Detroit, Mich., where they have been spending several months.

Comrade T. M. Barrett of 364 West Wilson avenue and active member of the local G. A. R. post, is attending the G. A. R. encampment, now in session at the Pacific Palisades, Santa Monica.

Dr. and Mrs. Colin Cable of 505 South Columbus avenue, are to leave tomorrow night on the steamship H. F. Alexander, for San Francisco, where they will spend a week. During their absence their home will be occupied by friends.

G. A. Dockery and mother, Mrs. Edith S. Dockery of 723 South Louise street, have just returned from San Diego, where they spent a few days. While there Mrs. Dockery had the pleasure of listening to an address given by Mrs. Mabel Walker Willebrandt at the W. C. T. U. border conference. Mrs. Willebrandt is a Los Angeles woman and has the distinction of occupying the position as assistant United States attorney-general, one of the highest positions ever occupied by a woman.

Charles H. Hamilton and his sister, Mrs. Philip S. Bernays of 2120 Canadi boulevard, Verdugo Woodlands, are enjoying a two weeks' camping trip at Mammoth Lakes. They are entertaining as their guests, Miss Madeline Champlin of Los Angeles and Clay Gooding of San Francisco. Later Mr. Bernays and Raymond Nott will join the party. Mr. Nott, a

### SOCIAL EVENTS

#### Give Card Party

A card party is to follow the meeting Saturday night of Glendale chapter, U. D. O. E. S., in the Masonic temple on South Brand boulevard, and all Masons are invited to attend.

Mrs. Hermine Hudson, worthy matron, announces that a chapter meeting will be held early in the evening.

The card games are in charge of Mrs. Evelyn G. Pierce. Score cards are to be twenty-five cents each. Prizes will be awarded. Refreshments will be served by a committee including Grace Moore, Georgia Lambie and Lillie Lynd.

Mrs. Henrietta Murray of 513 East Dryden street was hostess yesterday at the all day meeting of the Electa Social club. Mesdames Myrtle Rodenbough and Ada Duncan were assisting hostesses. During the morning and afternoon the members worked on articles for the bazaar, to be held October 18.

#### Acacia P.-T. A.

An executive board meeting of the Acacia Avenue Parent-Teacher association was held yesterday afternoon at the home of the newly elected president, Mrs. R. Stryker, 1302 Oakridge drive.

At this time officers were elected to fill the vacancies caused by the resignations of the vice president, Mrs. Robert Lord, and secretary, Mrs. J. M. Carpenter. Those elected were Mrs. L. D. Torrey, vice president, and Mrs. Harry Levey, secretary.

The following chairmen were appointed by the president for the ensuing year: Mrs. R. Martinez, parliamentary; Mrs. Fred Hartman, membership; Mrs. L. D. Torrey, finance; Mrs. Arthur Wilson, visiting; Mrs. Ethel Gardner, courtesy; Mrs. Edwin Baldwin, kindergarten; Mrs. Jessie Helman, emblems and magazines; Mrs. W. B. Alexander, publicity.

The first business meeting of the association will be held Friday afternoon, September 19.

#### Rodaire Hostess

Miss Eva Brehme of 806 South Maryland avenue was hostess last night to the members of the Rodaire club. A pink and white color scheme was attractively carried out with arrangements of pink and white roses. The refreshment table decorations were also carried out in the same tints. During the evening bridge was played and in impromptu musical program enjoyed.

Miss Adelle Strints of Chicago was a special guest of the club. The members present were Miss Zilda Cross, Miss Henrietta Meek and Mesdames Ray Engle, Paul McCowan, James McGowan. The next meeting will be held at the home of Mrs. Zilda Cross, 218 West Windsor road, Wednesday, September 10.

recognized artist, had a number of pictures on exhibition at the Bernays home in Verdugo Woodlands, last spring. They report Mammoth Lakes to be the ideal place for a restful vacation.

D. W. Frost of La Crescenta recently moved to 641 1/2 North Orange street.

Mr. and Mrs. James Love recently moved from 1359 Highland avenue to 415 Thompson street.

Dr. and Mrs. Roy V. Hogue and son Benly of 329 North Jackson street returned last night from "Hogedale," their cabin at Big Bear Lake. Mrs. Hogue and the son have spent the summer at the lake, while Dr. Hogue has motored up for over Saturdays and Sundays.

Mrs. E. W. Cunningham of 1233 North Louise street is entertaining her cousin, Mrs. Jessie Lane Rose of Johnston, Pa. Mrs. Rose is a niece of Mr. and Mrs. I. N. Richards, who make their home with Mrs. Cunningham.

A party of Glendale people enjoying an outing from last Thursday to Monday night at Big Bear Lake, included Mr. and Mrs. Kenneth M. Payne and two children of 523 West Milford street; Mr.

and Mrs. William Hunter and sons Billy and Donald of 107 East Lomita avenue; and Mr. and Mrs. Zimmerman of 122 West Chestnut street. The Paynes have returned from a ten-day motor trip to San Diego and Mexico and met the others at Big Bear.

Miss Lilla E. Litch has moved from 706 East Harvard street, and for the present will be at 1115 East Harvard street.

Mr. and Mrs. M. J. Brennan and children, Margaret, Alice, Dorothy, John and James of 519 North Central avenue, returned home last night, after spending a delightful vacation at Balboa Beach.

W. S. Teter of 722 West Fairmont avenue, adjutant of the local camp of Spanish War Veterans, is in Nebraska, where he was called by the serious illness of his mother. The latest report received from Mr. Teter states that his mother is better and he may possibly return to Glendale late this week.

Turkey's new tariff prohibits the importation of lumber and it is expected that many new sawmills will be established in the extensive forests of that country.

## Blocks of Beautiful Homes

IN describing any city or town with which he was impressed, the traveler will invariably say, "And there are blocks and blocks of beautiful homes!"

Question him further and you will find that few, if any, of the houses were mansions, but all of them—large and small—were well kept and painted. The beautiful home is the painted home—clean, bright and new-looking, despite its age.

"The Way to Beautiful Homes" is the copyrighted phrase used to express the purpose of BASS-HUETER Paints and Varnishes. This is no idle phrase. It is based on the fact that since 1857, BASS-HUETER products, coast made to meet western climatic conditions, have been found by countless home-makers to be the ideal way to beautify homes.

For the exterior of your home use BASS-HUETER Pure Prepared Paint. It is made of the best materials, has maximum covering capacity and will beautify and protect your property for years. In the end it is far less expensive than cheaper paints.

For interior use the BASS-HUETER line includes wall paints, floor paints, stains, varnishes, and enamels. Color cards will aid you in selecting the finish you wish; complete instructions on each can insure successful painting.

## BUTTERFLY

By KATHLEEN NORRIS. Copyright, 1924.

Depressed, discontented, envying Hilary her strange power to be happy, Dora had languidly pushed open the studio door. She liked to remember the hour that followed. Old Von Mandescheid had been there, at the piano; Kronski idling before the fire.

Did it begin that day, the caressing voice, the eloquent glance of his eyes, the occasional touch of his long, nervous hand? No, that day there were only master and pupil; it was the next lesson that suddenly the personal bond leaped into being between them, to turn those hours into magic, and to make every word, every glance, every lowering of eyelashes or mere crossing the floor, a miracle of enchantment.

To stand at the window with Kronski, looking down at the shy approach of spring, in the park below; to walk down the blazing Avenue, in the April sweetness; to linger over chocolate in some shop scented with the delicate perfumes and delicate garments of women; to tear open the occasional notes in violet ink—this had made a new world for Dora, and all summer long she remembered it, and hungered for it.

She had been to two symphony concerts in that wonderful time; he played for all the world, this lean, slender, black-haired man, with the big nervous hands; but he looked at her while he bowed and while he tossed back his heavy mane, and after the concert it was with Dora that he laughed and discussed the whole matter.

They had been alone only once in the studio; and that day he had kissed her. Von Mandescheid had left the room for a few moments, and Dora, holding her violin, had been almost in the curve of Kronski's arm, looking up at him as he guided her fingers into a certain position. She had smiled, shakily, wistfully, and immediately, with a little laugh, the black head had stooped, and she had felt the quick touch of his lips.

That was all. Von Mandescheid had come back, and Kronski had sailed the next day. Dora had wondered a hundred times what that kiss would have been had she not had the Amati on her shoulder, had the old concert master not returned?

What did she want? She did not know; she never attempted to analyze the affair beyond the emotions of the moment. She wanted more stolen, delicious hours of music and friendship, she wanted more of Kronski's

masterful, strangely thrilling society, she wanted again the delicious sensation of watching him on the concert platform, watched and admired by thousands, thinking of her! There was a constant hunger in her heart and soul for a renewal of those wonderful spring weeks; it she thought of Craig at all it was with a sort of impatience, it was too bad to hurt Craig, but he did not count, after all!

And when she said to herself, as once or twice she did say: "What am I thinking of? I am a married woman. Nice women don't do these things!" the words seemed to have no meaning. It would have been disgusting for any other woman, twenty-one years old, and with a husband as fine as Craig, to indulge in these affairs; but somehow it was different in Dora's case. It did not fit into any general classification; quite like it, she was not like other women; how many girls of her age had been marked from their birth, from before their birth, by this strange gift of music; had been associated by dying parents in babyhood with the name of a great musician who had later come into their lives?

Leaving Craig, divorce, desertion—Dora never thought even of the words. The topic was confined to herself and Kronski, her own little person, as she visualized it, swaying with the Amati on its slender shoulder, and Kronski's figure, dominant, masterful, male.

Today she felt cross, defrauded, and disappointed. She had not had one moment's solitude with Kronski, and now he had gone off into the North with his manager. There had been nothing last night to refresh these memories, grown faint with the long weeks. Dora, headachy and dull, remembered today that Kronski had not sent her those promised letters during this time. He had sent postal cards, ridiculous pictures in rich color of porches and peak-roofed hotels, and of stone warriors holding in prancing steeds against the staid old trees of parks. He had even sent Hilary these!

Hilary's serenity, as contrasted to her own deep restlessness and ill-humor, annoyed Dora. She was vaguely displeased even by the thought of Hilary coming to the city. Dora had already planned exactly the frock, the mood, and the hour in which she would see Kronski again. She would wear the new white gown with the dull

## Views and Theatres News Notes

Compiled by Members of The Evening News Staff

"The Girl in the Case," the clever comedy now showing at 8 o'clock nightly at the tent theatre of Mahurin's Players (Murphy's Comedians), has been voted by the record audiences who have seen it to be one of the funniest plays this popular troupe has yet put on. It is from the pen of George M. Cohan, known the world over as a playwright. The theatre is located at the corner of Central avenue and Stocker street, Casa Verdugo.

"The Girl in the Case" has at most as many thrills as laughs. Horace Murphy, manager of these players, has discovered that this laugh-thrill combination is hard to beat as an audience getter. J. A. Menard, house manager of Mahurin's Players, declares that the tent is packed every night now, and that the only sure way of seeing the show is to come early.

Since their vindication in court recently, their popularity has grown until now the tent is crowded every night, and Mr. Menard urges patrons to purchase tickets in advance at Schulte's drug store, corner of North Brand boulevard and California avenue.

**THE GLENDALE**  
"Just Off Broadway" concludes today at the Glendale Theatre. Friday and Saturday the feature is "North of Nevada."

**THE T. D. & L.**  
"The Man Who Fights Alone" concludes today at the T. D. & L. Theatre. Friday and Saturday the feature is "Empty Hands."

**THE GATEWAY**  
"Lily of the Dust" opens today at the Gateway Theatre and continues Friday and Saturday.

**Farm Machinery Shows**  
Slight Gains In July

CHICAGO, Sept. 4.—The operating ratio in the manufacture of farm implements was 50.08 per cent for July, manufacturers report. Gains in sales of threshers, grain storage, machinery, corn cutters, huskers, and shredders are offset by declines in planting, cultivation and tillage machinery.

**Better Fall Business**  
Seen by Wholesalers

CHICAGO, Sept. 4.—Better business this fall is indicated by general reports from wholesalers that their aggregate sales are increasing. Grocery, hardware, drugs and dry goods dealers all count on improved buying.

## Uncle Wiggily

By HOWARD R. GARIS

**UNCLE WIGGILY'S WOBBLY TUB**  
"This is our last day at the seashore, Nurse Jane," said Uncle Wiggily to his muskrat lady housekeeper one morning. "Tomorrow we shall go back to the hollow stump bungalow and watch the animal boys and girls start for school—vacations are over!"

"And I am rather sorry," said Miss Fuzzy Wuzzy. "We have spent a very happy time at the shore, even with the Sea Urchin, the Sand Flipper and the Walrus bothering you now and then."

"Oh, I didn't mind them so much!" laughed the bunny. "But as this is our last day at the shore, I think I shall go bathing in the ocean. Then I shall have something to remember when we get back to Woodland."

However, when Uncle Wiggily hopped down to the beach, he found the salty waves so high and rough that he dared not go in.

"They would wash away over my ears," he said. "I shall take a little salt water with me back to the driftwood bungalow, put it in the bath tub there and bathe in that."

Filling his tall silk hat with sea water Uncle Wiggily hopped back up the sand, and when Nurse Jane saw him coming she couldn't help laughing.

"It looks so funny seeing a rabbit gentleman carrying a tall silk hat filled with sea water," she chuckled.

"Uncle Wiggily didn't mind that, though, and soon he was pouring the salt water from his hat into the bath tub in the driftwood bungalow, where he had been boarding for the summer with Miss Fuzzy Wuzzy."

Of course Uncle Wiggily could not carry up from the beach, in his hat, enough water for a good bath. He only brought a little salt water, and he intended to open the faucets of the tub and fill it up with other water. But before he did this he thought he would try the tub.

Now Uncle Wiggily had done all of his bathing in the ocean, up to this time—not having used the bungalow tub. And, when he started to get in, to try the tub, on account of the ocean being so rough, he found that the tub was wobbly—very wobbly, indeed. One of the legs was longer than the other, and the tub tilted from side to side when Uncle Wiggily stepped in. Oh how wobbly it was!

"I must fix this before I pour the salt water in, and turn the faucets," thought the bunny. "I must fix this wobbly tub."

"And I must fix your ears so they will be easy to nibble!" shouted a voice at the door, and into the bath room slipped the Bob Cat. He had been waiting for a chance to catch the bunny rabbit.

"Oh, Mr. Bob Cat! Don't nibble my ears until I have a bath!" begged Uncle Wiggily. "You wouldn't do that, would you?"

"No, perhaps not," snarled the Bob Cat, flipping his silly little tail. "But be quick—take your bath!"

"I can't take a bath until I fix the wobbly tub," spoke Uncle Wiggily. "You get in, Mr. Bob Cat, and jiggle yourself around. Then I can see which leg of the tub is shorter, thus making it wobbly. I can easily make the

leg longer, let in the water and take a bath, and then—"

"Yes, then I'll nibble you!" cried the bad chap. He jumped into the tub, so Uncle Wiggily could see where it wobbled. But no sooner was the Bob Cat in the tub than Uncle Wiggily poured in the salt water from his hat and suddenly opened the faucets.

The salt water got in the Bob Cat's eyes. The water from the faucets filled the tub and nearly drowned the bad chap. Out he jumped, howling: "You played a trick on me! You played a trick!"

"Of course I did!" laughed Uncle Wiggily, as the Bob Cat, dripping wet, ran down stairs. "Ha! ha! Of course I did."

Then, the bunny fixed the wobbly tub and took a bath and all was well. And, if the spelling book doesn't throw a lot of hard words at the blackboard and make the clock tick upside down, I'll tell you next about Uncle Wiggily at school.

## 10 Years Ago

From Evening News Files

For Rent, 8 room, 2 story house, electricity and gas, will build garage if necessary, \$20 per month, water paid, 712 Raleigh street.

At the city trustees' meeting on Monday afternoon a weed destroying ordinance was put on first and second reading. This means that very soon the weeds on vacant lots in Glendale will go.

C. K. Robertshaw of 620 Adams street was lowest bidder at \$6170 for the erection complete of the 4 room frame school building at Doran and Geneva streets.

## Jurist Declines to Vacate Wilson Case

TRENTON, N. J., Sept. 4.—Vice-Chancellor John H. Backus has refused to vacate an order signed by Chancellor Edward R. Walker, ruling to the federal court the receivership proceedings against Wilson & Co., one of the largest packing houses in America.

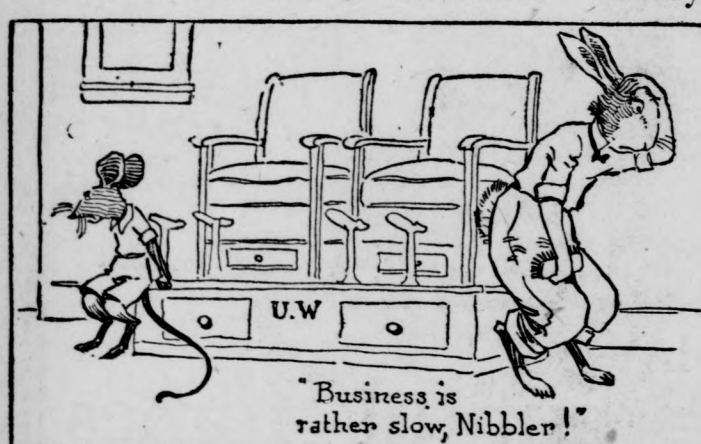

The vice-chancellor in disposing of the application said that the receivership proceedings were properly transferred to the federal court, under the federal statutes owing to the diversity of citizenship.

## STOP CATARRH This New Easy Way

Catarrh of the head, stomach, etc., is responsible for many misery and failing health. ## Foul Play Is Feared As Man Disappears

LOS ANGELES, Sept. 4.—Archie Nicholson, aged 42, foreman of the Los Angeles water department's branch, Eagle Rock, is missing. Friends fearing foul play have appealed to authorities to aid in the search for him. His residence is 4916 Maywood street. He was last seen at a downtown garage, it is said.

After an absence of nine years, during which time he was foreman of the plumbing department of the United Studios, J. J. McGinnis, plumbing contractor, has returned to Glendale and has opened offices at 122 South Orange street. Mr. McGinnis opened his plumbing office in Glendale in 1912 at the same location where his office is now. In 1915 he went to the United Studios.

Mr. McGinnis does general plumbing contract and repair work. His specialty is installation of new plumbing fixtures, backed by years of practical experience.

**Dedication Service at Eagle Rock Church**

The dedication service for the new Seventh-day Adventist church building on Merton avenue, Eagle Rock, will be held Saturday, September 6, at 3 p. m. Leading church officials from the denominational headquarters at Washington, will be present. Rev. A. G. Daniels, former head of the denomination, Rev. J. L. McElhany, president of the Pacific Union Conference, and Rev. O. O. Bernstein of New Jersey, newly elected president of the Southern California Conference, will have charge of the service. Special music will be provided by the choir, and Professor and Mrs. Irving Steinel will render a song composed for the occasion by Professor Steinel. Visitors will be welcome. There will be no collection.

**Knights of Columbus To Pick New Officers**

The election of officers for the ensuing year will be the feature of the meeting to be held tonight by the Knights of Columbus in the clubhouse, 330 East Lomita avenue. On account of the absence from the city of the grand knight, Jesse E. Smith, Edwin J. Albright, deputy grand knight, will preside.

In addition to the election of officers, the regular routine of business will be transacted, including completing plans for the dance to be held September 20. At this time a Ford roadster will be given away. All Glendaleans desiring tickets may secure them at the clubhouse.

**Transact No Business At Advancement Meet**

Owing to the absence of President C. W. Ingledue and Secretary Helman Nelson, no business was transacted at the meeting of the Glendale Advancement association, held today at noon at the Harriet Mae Tea Room. The few members of the organization who attended the meeting held an informal discussion on the needs of Glendale and then adjourned to meet next Thursday noon.

**AMERICANS NEAR DEATH IN CHINA**

Caught Between Opposing Armies, Make Escape In Shower of Bullets

(Continued from page 1)

**Chekiang Forces Advance On Front of Thirty Miles**  
SHANGHAI, Sept. 4.—The Chinese settlements adjoining Shanghai tonight were seething with excitement as gangs of soldiers passed through the streets, impressing coolies by the hundreds to carry up supplies to the Chekiang forces, now reported advancing on a thirty-mile front.

Many minor disturbances were reported and two ricksha coolies carrying American passengers were bayoneted by troops when they resisted and joined the conscripted labor battalions. The Americans were unharmed.

**Supplies Cut Off**  
Fighting was reported still in progress tonight on the line from Lihuo to Huang Tu with the Chekiang forces making slight progress. Fifty wounded reached Shanghai tonight on the first hospital train to arrive from the front.

A serious shortage of meat in this city is threatened, as all supplies have been cut off. Police guards about the foreign settlement have been doubled but no additional foreign marines have been landed.

The Kiangsu army northwest of Shanghai has been defeated after two battles with the Chekiang army, both sides suffering heavy losses, according to reports to Chekiang headquarters here this afternoon.

Kiangsu forces were led in the attack by the Lihuo brigade, in attempt to clear a path to the Woosung forts, but were completely routed.

**To Protect Foreigners**  
Foreign legations were ready today to instruct the commanders of the foreign warships at Shanghai to land marines to protect the foreign compounds and the property of foreign citizens.

There are six American destroyers at Shanghai under command of Admiral McVey. Women as well as men are being conscripted by the war lords for the labor corps. Many are committing suicide in preference.

Despite the demands of commercial organizations, the Peking government has as yet made no move to avert the civil war movement from growing more serious.

Consular authorities tonight lodged a strong protest against the reported action of the Chekiang forces in mounting a heavy battery of field guns in the vicinity of the Woosung cable station.

It was declared that in the event of a successful attack by the enemy upon this point, all cables might be cut off, isolating Shanghai and the greater part of China from the world.

**Jesse Hibbs Leaves For Illinois Academy**  
Jesse Hibbs, son of Mr. and Mrs. Bert Hibbs, 1012 Gell street, who was a student last year at the Glendale Union High school, and known for his ability as a football player, is to go to Chicago, Ill., to attend Lake Forest academy. It is predicted that he will be a prominent member of the Lake Forest football team. Upon his graduation he plans to enter college and prepare to be an athletic coach.

**Mother With Sixteen Children Wins at Fair**  
SACRAMENTO, Sept. 4.—Mrs. Frank Domingo of Sacramento, mother of 16 children, has been established as mother of the state fair, her brood having won first prize in the state-wide big family contest. She was awarded an automobile and trailer to carry her family about.

**We Give You Every Possible Co-operation**  
We are a member of the National Furniture Warehousemen's Association and of course have the co-operation of recognized warehouse institutions in every city. We are able through this connection to transfer any amount of furniture to any section of the country with no more trouble to the owner than the removal had been right in this city. You may rest assured that whatever is new and best, we have it.

**Cut Rates On East Bound Freight**  
**California Fireproof Storage Co.**  
(Formerly Robinson's)

**403 South Central Phone Glendale 428**  
F. M. Brock, Manager

**COMMENT**  
That's All  
Prince Gets Many Thrills New Bridge Is Needed Warning to Careless Ones Taxes Here Not High China Seems Awakening

By Gil A. Cowan

If the Prince of Wales is to set the style this season there is more than one young cake-eater who will worry his parents by staying out at dancing parties until 5 a. m.

However, it must be remembered that H. R. H. is going 30 years old and doesn't have to do anything in particular for a living other than to be cheerful, kind, popular, etc.

The prince got quite a kick out of his experience at the race track when he was milled around by the curious crowd. Never before has he been allowed to rub quite so many shoulders at one time, according to his body guard.

Wonder what sort of a thrill he would get in "bucking" Los Angeles traffic? H. R. H. is missing nine-tenths of life, we'll say.

Speaking of traffic reminds the writer of the intolerable condition existing on the Glendale boulevard bridge over the Los Angeles river.

Now that the Los Angeles City Council has set aside \$160,000 for a new concrete structure over the Los Angeles river at Los Feliz road, the enterprising boosters of Glendale who carry weight with the city fathers of the metropolis should bend their energies toward getting a great new structure, as well as a wider Glendale boulevard.

**PRODUCT PASSES GASOLINE TESTS**

Heavy Cash Purchases Help To Reduce Prices to Firm's Customers

The K. B. K. Service Station at 1023 East Broadway, owned and operated by C. B. Krenger and H. O. Banks, states that their gasoline that sells for 17 cents per gallon is one of the three gasolines on the market today in California which passes the three tests, namely: The Dr. Sweet test, the copper corrosion test and the titmus test, which are regarded as the highest tests ever given for gasolines of all grades. The reason why the K. B. K. station can sell this high test gas for 17 cents a gallon, they claim, is because they obtain it direct from the refineries in large quantities. The service station pays cash on delivery and thus does away with extensive bookkeeping, and, through volume of business, the K. B. K. accepts less profit on each gallon, and yet through large volume, maintains the low price.

Calvin Pierce, expert on washing and greasing of automobiles, from Boston, Mass., is now connected with the K. B. K. service station, in charge of this branch of their service.

L. H. Blackburn, who operates the Hobbs Battery station at the K. B. K. service station reports that September is coming right to the front and will be one of his best months. At this time Mr. Blackburn says that the factory is more than 400 orders back on delivery.

**H. ROBERTS WILL REOPEN DROP INN**

**Fame of Barbecued Meats As Prepared by Owner Has Traveled Afar**

Homer Roberts, who formerly owned and operated the Drop Inn, 1116 South San Fernando road, is now reopening, after thoroughly redecorating and remodeling the building. Mr. Roberts, together with Harry French, will be the owners.

The Drop Inn, while under the guidance of Mr. Roberts from August, 1922, until he sold out last December, enjoyed a wonderful trade, made up of residents

sprinkled all over Southern California. The fame of Mr. Roberts' barbecued ham, beef and pork sandwiches was at that time known for miles around Glendale, and many are the people who passed along San Fernando road just to take home or eat their barbecued sandwiches in the Drop Inn.

They will serve not only the regular barbecued sandwiches, but will also have Spanish dishes of all kinds and East Side on draught.

**Officials Will Visit Site of Subdivision**  
W. L. Twining, vice-president of the Frazier Mountain Park & Fisheries company, left this morning for the company's 800-acre tract near Lebec, to superintend

the construction work that is now under way. The other officials of the company, A. L. Baird, president; Harry G. MacBain, secretary, and L. H. Myers, treasurer, will leave Sunday morning for the property.

**STATE SOCIETIES**  
Old folks' picnic, Saturday, September 6, Sycamore Grove park, Los Angeles.

Michigan state society, picnic, Sunday, September 7, Sycamore Grove park, Los Angeles.

Michigan Association of Southern California picnic, Saturday, September 20, Sycamore Grove park, Los Angeles.

Wood substitute is being made from corn cobs.

**Let's Keep Those Fat Bonuses in Glendale**

True, it's not very dignified for a company specializing, like Royalties Investment Company, in the finance of real estate, loans and home-building, to talk about fat bonuses.

By the same token, however, it's not very profitable to Glendale to permit the thousands of dollars annually taken in the form of bonuses on loans to depart forever for parts unknown.

Let's keep these bonuses right here in Glendale. Let's participate in them by investing our surplus money in Glendale enterprise.

Let's lend our moral and financial support to every worth-while undertaking that obviously has the interest of Glendale concurrent with its own interest.

The one big way to stop the flow of bonus money FROM Glendale is to support Glendale Banks, Glendale Building and Loan Companies, Glendale Merchants and such specialty really financial companies as Royalties Investment Company.

Ownership in the Royalties Investment Company is still possible as long as the limited balance of common stock now offered for subscription by this Company is available.

Every dollar invested in Royalties Investment Company goes toward the building of a GREATER GLENDALÉ.

Wise investors can gain all further desired information relative to stock ownership and dividend participation in Royalties Investment Company by mailing attached address coupon or calling the Company Offices—420 East Broadway.

Royalties Investment Company, Glendale, Calif.  
Gentlemen—  
I am interested in keeping Glendale bonus money in Glendale. I am interested in sharing in part of this bonus money through investment in the common stock of your Company. Please see that I get further complete information regarding your Company.

DISTINCTIVE 6 ROOM STUC-  
CO HOME

Nestling in Glendale's fine resi-  
dential section, there is a home  
Sweet Home for you. Besides  
rigidly holding honest con-  
struction we have planned this  
home for comfort and con-  
venience. In the large living-  
room there is a Dutch fire-  
place, built-in heater, a quiet rest-  
ful effect. Instead of the glaring  
overhead fixtures, we have  
planned side lights and floor  
lamps. Passing through the  
dining-room, you find a mod-  
ern up-to-date kitchen with  
sun and sunny breakfast room.  
The bedrooms, large and airy,  
are cleverly planned. The bath-  
room is the last word in mod-  
ern equipment. Hardwood  
floors throughout this beautiful  
home. \$3000 will handle. Open  
Sundays.

flowers. Price \$7500, with \$2000 down, bal-  
ance as rent. We can recommend  
this as we know the builder to be  
one of the most conscientious  
builders in Glendale.  
Let us show you this place.

133 1/2 S. Brand Glen. 2921

#### There Is

A 6-room house on a half  
acre view lot in the heart of  
southern Glendale, which it  
will be a pleasure for you to  
own and where it will be a  
pleasure for you to live.  
It has trees, fruit, flowers,  
shrubs, lawn; and a velvet  
lawn; also room to the rear  
for a garage and a detached  
kind.

It may easily be made in-  
come producing; it is ripe as  
a court site.

Consider the location! 4  
blocks from Central and 2  
blocks from both elemen-  
tary and junior high schools.  
The price is very reason-  
able; only \$5500, and easy  
terms. Call at 1223 South  
Glendale Ave. for further in-  
formation about this ex-  
cellent buy.

## AUGUST PERMITS GAIN IN BURBANK

Building Department Reports  
Totals by Month Since  
First of Year

BURBANK, Sept. 4.—Building permits for August totaled \$110,480, bringing the figure for the year to \$1,490,301, according to official records of the building department. Last year in August \$147,225 worth of permits were issued. The following table presents a comparison month by month, for the two years:

	1923	1924
January	\$145,525	\$233,085
February	170,405	232,286
March	167,365	293,068
April	151,965	213,745
May	318,750	78,400
June	157,285	159,048
July	301,875	170,189
August	147,225	110,480
September	181,360	
October	176,200	
November	235,440	
December	311,875	

Totals \$2,265,110 \$1,490,301

The largest permit was for the first unit of the Evangelical church which is now being constructed at the corner of Fifth and Cypress avenue. The next highest was for the R. H. Enyart home at 703 Elmwood avenue.

To Present Play  
"A Night in Dreamland" will be presented tonight, Friday and Saturday nights, at 8 o'clock under the auspices of the City Beautiful Community club, at the Benmar Hills garden hall.

D. M. Hartley, 425 East Tenth street, who has been quite sick for the past six weeks, is slowly recuperating.

Dale Eichar, who recently retired from the electrical business in which he had been engaged for some time past, has taken a position with a local oil company.

## NEW OFFICERS TO PRESIDE MONDAY

Meeting of Occidental-York  
Valley Association to  
Boost Sewers

EAGLE ROCK, Sept. 4.—The first meeting of the Occidental-York Valley Improvement association under the new executives is announced for 8 o'clock Monday night, September 8, at the Presbyterian church, corner of York boulevard and Glassell avenue. The meeting will be presided over by J. H. Lester, who has succeeded Mrs. H. R. Collins as president.

The organization is at present primarily interested in getting sewers for this district and it is understood that Monday night's meeting will be largely for the purpose of furthering this project. Following is a full list of the new officers and directors:

J. H. Lester, president, 4417 Alumni avenue;  
C. A. James, vice president, 4436 Alumni avenue;  
Mrs. J. A. Bishop, secretary, 4512 Corliss street;  
Mrs. Charles Saemo, treasurer, 4672 York boulevard.

Executive Board: Rev. J. G. Kennedy, 4386 York boulevard; Oliver Phillips, 4455 Ellenwood Drive; G. Reznor, 4574 Toland Way; J. H. Hollingsworth, 4623 Mount Eagle Place.

All these officers except Mr. Bishop and Mr. Saemo are new.

Builds Large House  
Fritz Karge, of Hollywood, has started a \$15,000 house on Escarp Drive, one of the most scenic properties in Eagle Rock, having a view of the whole town. He has a half-acre being developed by landscaped gardeners. Two of the Occidental College professors, Dr. Bird and Dr. Stetler are building beautiful homes on the same Occidental tract.

Miss Laura Donnell, of Windermere avenue, returned home this week from her northern vacation trip. Miss Donnell spent the last week in Santa Cruz, a few days in Fremont and a few days at Asilcar.

Mr. and Mrs. John Rindon, of Brooklyn, are here on a month's visit with their son-in-law and daughter, Mr. and Mrs. R. P. Woodford, of Ellenwood Drive. Mr. Rindon is a captain of the New York police.

NOTICE OF SALE  
Notice is hereby given that L. C. Drake and E. A. McKenzie, present owners of that certain Oil Station located on the northeast corner of Windsor Road and Glendale Ave., Glendale, Calif., on Lot 8, Block 2, Borthick's Tract, have sold the same to Guy M. 200 Pairs of  
Ladies' and  
Children's  
SHOES

Two hundred pair of Ladies' and Children's High and Low Shoes in the group. Too many styles to describe. A good range of sizes in the lot to choose from. In every instance the soles and heels are worth more than the price. Come early, for the lot won't last long. No phone calls or C. O. D.'s.

50c

Our buyers made a wonderful buy for cash a \$10,000 stock of high-grade Footwear at 40c ON THE DOLLAR, and we are going to pass this wonderful buy on to you. Owing to limited amount of space in our Shoe Department on the second floor we are forced to hold this sale in our large and roomy basement. You will find Shoes for the entire family in the sale. A wonderful opportunity to save on school shoes for children—an opportunity you can't afford to miss.
